Update on Revised Bylaws

- In August, the City Council adopted Motion M-26-311 requiring the Board of Directors to submit new bylaws to the Council no later than December 31, 2026.
- In September, the City's Administration developed and shared proposed new by-laws for the Board.
- In October,
  - SWBNO staff reviewed the City's proposed new bylaws at the request of the Board President.
  - Staff from SWBNO, the City's Administration, and the City Council met to review and discuss the City's proposed new bylaws.
  - The Governance Committee met to discuss the new bylaws proposed by the City.
  - Discussion among Governance Committee members remains ongoing.

Update on Civil Service Review

- In August, the City Council adopted Motion M-26-313 directing the Civil Commission to:
  - Conduct a review of the SWBNO classified employees to ensure their compensation is aligned with similarly situated employees in other public utilities; and
  - Review SWBNO and administrative employee job descriptions and duties to identify any overlapping responsibilities or redundancies.
- The Commission is conducting this review and plans to present findings at the November Civil Service Commission meeting.

ACTION ITEMS

- Resolution (R-095-2026) Authorization for Award of Contract for Information Technology Professional Services Between Sewerage and Water Board of New Orleans and Louisiana Technology Group, Inc.
    - **Director Stewart made a motion to defer Resolution R-095-2026. Director Bouie moved. Director Villavaso seconded. The motion carried.**

- Resolution (R-117-2026) 2027 Drainage Millage Rates
    - **Director Stewart made a motion to approve Resolution R-117-2026. Director Villavaso moved. Director Gallo seconded. The motion carried.**

- Resolution (R-149-2026) Ratification of the Selection of Co-Transition Officers and the Transition Leadership Team
    - **Director Stewart made a motion to approve Resolution R-149-2026. Director Gallo moved. Director Walmsley seconded. The motion carried.**

- Resolution (R-150-2026) Authorization to Renew and Extend Licensing Agreement with Environmental Systems Research Institute, Inc.

- **Director Stewart made a motion to approve Resolution R-150-2026. Director Villavaso moved. Director Bouie seconded. The motion carried.**

- Resolution (R-147-2026) Approval of Participation in the 2026 Orleans Parish Multijurisdictional Hazard Mitigation Plan

  - **Director Stewart made a motion to approve Resolution R-147-2026. Director Thomas moved. Director Greenidge seconded. The motion carried.**

SPECIAL BOARD OF DIRECTORS MEETING

November 11, 2026

MEETING MINUTES

SEWERAGE AND WATER BOARD OF NEW ORLEANS

ROLL CALL

The Board of Directors for the Sewerage and Water Board of New Orleans (SWBNO) met on Wednesday, November 11, 2026, at 10:00 a.m. in the Executive Boardroom. Interim Special Counsel, Mr. Darryl Harrison called the roll and confirmed the following members were present: Designee Stephen Nelson, Director of Public Works, on behalf of the Honorable Mayor Moreno, Director Chadrick Kennedy, Director Ariane Greenidge, Director Kathryn Walmsley, Director Jonathan Stewart, Director Leslie Bouie, Director David Gallo and Director Corinne Villavaso.

The following member(s) were absent: Director Kerwin Julien, Director Julius Kimbrough Jr. and Director Kimberly Thomas.

Staff present were Randy Hayman, Executive Director; Jamie Parker, Chief of Staff; Grey Lewis, Chief Financial Officer; Darryl Harrison, Interim Special Counsel; Renelle Brown, Director of Customer Service; Irma Plummer, Director, Economically Disadvantaged Business Program; Brionne Lindsey, Board Relations.

DISCUSSION ITEM

The Board began its discussion noting that, per a City Council motion, a revised version of the by-laws must be provided to the Council by December 31, 2026. Two versions of the by-laws were provided to the Board for consideration. The first version was prepared by the City's Administration and represented a completely new by-laws document. It included red-lined edits pursuant to discussions between the Administration, City Council staff, and SWBNO staff, as well as feedback received from the Governance Committee during an October committee meeting.

The second version of the by-laws was developed by Governance Committee members and used the Board's current by-laws a starting point for the revisions. This version was shared with the directors but had not been discussed during a Board or committee meeting.

The directors expressed an interest in scheduling a Governance Committee meeting before the November 18 regular board meeting. During the committee meeting, the committee would review and discuss the version of the by-laws developed by committee members and make a recommendation to the full Board regarding a revised version of the current by-laws.

ACTION ITEMS

- Prepare and Finalize Board of Directors By-laws

    - **Director Stewart made a motion to proceed with a Governance Committee meeting as discussed by the Board of Directors to continue revising the by-laws. Director Bouie moved. Director Villavaso seconded. The motion carried.**

- Resolution (R-148-2026) to Adopt Rules for Public Participation and Comment at Meetings of the Sewerage and Water Board of New Orleans, Tyler Russell, Director of Strategic Planning

    - **Director Stewart made a motion to approve Resolution R-148-2026. Director Nelson moved. Director Gallo seconded. The motion carried.**

- Resolution (R-151-2026) Amending Sewerage and Water Board Resolution R-118-2026

    - **Director Stewart made a motion to approve Resolution R-151-2026. Director Bouie moved. Director Gallo seconded. The motion carried.**

ADJOURNMENT

There being no further business to come before the Special Board of Directors, Director Stewart made a motion to adjourn. Director Gallo moved to adjourn. Director Bouie seconded. The motion carried. The meeting adjourned at approximately 10:55 a.m.

Director Corinne Villavaso, Vice Chair
Director Kathryn Walmsley
Director Stephen Nelson

Absent:
Director Julius Kimbrough
Director Kimberly Thomas

Non- Members Present
Director Chadrick Kennedy
Director Jonathan Stewart

PRESENTATION ITEMS

A. Backflow Program Update, Ann Wilson, Chief of Environmental Affairs

Ann Wilson, Chief Environmental Affairs, and Alice Wiedefeld, Backflow Infrastructure Project Intern, presented a Backflow Program Update. The presentation included the need for a backflow program, program organization structure, and enforcement protocol including water disruption as a tool to achieve compliance.

B. Lead Service Line Program Update, Becca Johnsey, Deputy General Superintendent

Becca Johnsey, Deputy General Superintendent, provided an update on the citywide Lead Service Line Replacement Program, a federally mandated initiative to identify and replace approximately 85,000 lead service lines by 2037. The program is expected to exceed $1 billion, with 1,500 replacements targeted by July 2027, 7,500 more by July 2028, and full implementation completed by 2037.

Initial outreach has begun in Hollygrove and the Upper 9th Ward, focusing on resident education, collection of Right of Entry forms, and preliminary inspections. Replacement work is expected to begin in early 2027 and will follow a prioritization model based on factors such as lead risk, population characteristics, and coordination with other City projects.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

Completed milestones were highlighted, including development of an interactive service line inventory, distribution of more than 4,700 water filter pitchers, inspection and replacement pilots, over 315 residential replacements, inspections at more than 350 schools and early childhood facilities, and replacements at 19 schools. All school-related replacements are targeted for completion by the end of 2027.

The program has secured $152 million and is pursuing an additional $90 million in State Revolving Fund financing. Recent legal and constitutional changes now allow public funding for private-side service line replacements, reducing customer costs and supporting broader participation.

C. Enterprise Asset Management Project, Darrell Eilts, Chief Financial Officer, Kaitlin Tymrak, General Superintendent, Trimble Unity Software, and 1898 & Co.

Dr. Darrell Eilts, Chief Information Officer, and Kaitlin Tymrak, General Superintendent, introduced the Enterprise Asset Management (EAM) project and the implementation team from 1898 & Co. Dr. Eilts stated that the project, among many technology improvements, includes replacement of the work order systems that are more than 30 years old and no longer supported, and that CIOs at peer utilities gave the selected solution strong reviews.

Brian Hiller, Senior Managing Director, and Thomas Wilson, Project Manager, of 1898 & Co. presented an overview of the Trimble Unity Maintain platform and the implementation approach. The system will be deployed in two phases, beginning with linear assets and legacy work order data, followed by vertical assets such as facilities and equipment. The approach includes staff training and three months of support after go-live. Dr. Eilts reported that the project formally kicks off the week of November 16 with working sessions for internal staff. There were no questions or comments from the Committee.

ACTION ITEMS

- Resolution (R-153-2026) Holiday Calendar Additions – 2026

    - **Director Gallo made a motion to approve Resolution R-153-2026. Director Villavaso moved. Director Walmsley seconded. The motion carried.**

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

PRESENTATION ITEMS

A. Executive Summary Report (September 2026) - E. Grey Lewis, CFO, SWBNO

Financial Overview

Mr. Lewis presented an overview of the preliminary financial results for September 2026 year-to-date and discussed the ongoing transition activities related to Oracle, particularly in financial reporting. The team is presently focused on aligning monthly reporting periods following the implementation phase and adapting to changes in internal processes due to the new financial system.

Revenue

As of September, Water and Sewer Operating Revenues were slightly above budget, totaling $24.1 million, with a year-to-date total of $212.1 million, which is 2% ahead of budget. Year-to-date Operating Expenses for the three systems amounted to $301.1 million, which is lower than the budgeted amount of $307.5 million. Ongoing monitoring will be necessary due to the changes in systems with the Oracle implementation planned for February.

Cash on Hand

Cash collections for water and sewer bills were $23 million in September and $21.5 million in October, indicating an improvement compared to historical averages for the first ten months of the year.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

Payment plan enrollment statistics have decreased by 1% compared to last month, but they have increased by 10% since September 2025. At the end of the month, there are over 17,838 active payment plans, in contrast to 15,297 a year ago.

As of September 31, Days Cash on Hand stands at 308 for Water and 311 for Sewer, significantly surpassing both internal targets and the minimum requirements stipulated in the bond indenture. Days Cash on Hand serves as the principal liquidity benchmark outlined in the general bond resolutions, with a minimum required level of 90 days. The Debt Service Coverage ratios, budgeted at 1.72 for Water and 2.17 for Sewer, are consistent with expectations based on year-to-date operating expenses and exclude non-cash items such as depreciation expense.

Mr. Lewis indicated that customer credits amounted to $457,000, as per the directive from the third-party entity appointed by the Council to manage billing disputes. Together with state arbiter credits and additional SWBNO credits, the total reached $1.47 million for September. The billing team is collaborating closely with the Council to enhance consistency and transparency in addressing customer concerns regarding elevated bills, utilizing smart meter consumption data. Service interruptions due to non-payment decreased by 740 compared to August, while the total number of new payment plans established was 1,598. Additionally, there were 330 one-time payments made that fully resolved the customers' past due balances.

B. Draft FY2027 Operating and Capital Budget - E. Grey Lewis, Chief Financial Officer

The Chief Financial Officer, Grey Lewis, and General Superintendent, Kaitlin Tymrak, P.E., presented an overview of the proposed 2027 Budget, encompassing both Operating and Capital expenditures. In response to Act 938 and new local SWBNO ordinances (Section 159), the Utility's budget will be submitted to the Council to enhance transparency regarding the financial conditions and requirements related to Water, Sewer, and Drainage services. The total proposed Operating Budget for 2027, which includes Water, Sewer, and Drainage, is $299 million for operations, $50.6 million for debt service costs, and $21 million for Capital, funded through cash financing, which is based on relatively stable revenue sources totaling $371 million. The most recent increases in water and sewer rates occurred in 2020.

The recurring sources of revenue include drainage millages and city support for the Minor Drainage Transfer. The 6-mil drainage tax is set to expire in 2027 and will require a vote for renewal in the

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

upcoming year. The team will maintain collaboration with the Mayor's office to establish a new drainage revenue framework, consisting of parcel fees and millages, in order to prevent funding loss in 2028.

The Capital project list for all three systems totals $479.5 million for 2027, with $284 million of external funding sources identified, resulting in a substantial number of unfunded capital projects for the Water, Sewer, and Drainage systems. The Lead Service Line Replacement Program and the Water Quality Master Plan are two major multi-year investments planned for 2027, with $105 million and $14 million, respectively, earmarked for appropriation in that year. The CFO report indicates that bond rating agencies are seeking information regarding the delivered Capital Improvement Plan (CIP) due to aging infrastructure and anticipated increases in operating costs. Furthermore, discussions have highlighted the lack of bonding capacity for both Water and Sewer revenue bonds, as well as tax millages, due to their impending expiration. In 2027 and the following years, net revenues are projected to be insufficient to support new Water and Sewer bonds, as revenue growth is stagnant while operating costs continue to rise. It is imperative to identify additional capital sources, and the Utility will continue to collaborate closely with City, State, and federal partners to seek funding during the upcoming year of Utility Transition under the new governance model.

ACTION ITEMS

- Resolution (R-152-2026) Authorizing Application to the Louisiana Department of Health for Funding from the Louisiana Department of Health's Drinking Water Revolving Loan Fund (DWRLF) for Compliance with the Revised Lead and Copper Rule (LCR) and Lead and Copper Rule Improvements (LCRI) for Lead Service Line Identification and Removal Purposes

- Ms. Irma Plummer, speaking on her behalf, urges the Board of Directors to thoroughly evaluate the changes they are implementing to ensure that they are making the appropriate decisions for the Sewerage and Water Board.

ADJOURNMENT

There being no further business to come before the Finance and Administration Committee, Director Gallo made a motion to adjourn. Director Kennedy moved. Director Walmsley seconded. The motion carried. The meeting was adjourned at approximately 10:59 a.m.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street
New Orleans, LA 70165

504.529.2837 or 52.WATER

November 12, 2026

The Pension Committee met on November 12, 2026, in the Executive Board Room. The meeting convened at approximately 11:07 a.m.

Present:
Director Chadrick Kennedy, Chair
Director Leslie Bouie
Trustee Jackie Shine
Trustee Mubashir Maqbool
Trustee Jonathan Clark
Trustee Clarence Monet

Absent:
Director Kimberly Thomas
Director Stephen Nelson
Councilmember Jason Hughes

PRESENTATION ITEM

A. October 2026 Executive Summary Investment Report for the Employees' Retirement Systems of the Sewerage & Water Board of New Orleans - Kweku Obed - Marquette & Associates, Inc.

Mr. Kweku Obed of Marquette & Associates, Inc. provided an update on the October 2026 Executive Summary Investment Report for the Employees' Retirement Systems of the Sewerage & Water Board of New Orleans. The presentation began with an overview of the market trends for October 2026. The 3Q 2026 Market Environment report includes calendar-year asset class returns, inflation data indicating a headline CPI of 3.4% as of August, a softening labor market with an unemployment rate of 4.2%, the Federal Reserve's first rate hike in three years, and performance analysis across fixed income, equities, real estate, infrastructure, and private equity. The October 2026 Market Tracker also provides updates on equity, fixed income, and yield curve data.

The September Executive Summary and Supplemental report on the $301.9 million fund's net-of-fee performance indicates 9.9% year-to-date compared to 7.9% for the strategic allocation. It also addresses manager compliance, noting that GQG is on notice for performance, and highlights the top and bottom contributors, as well as allocation versus targets, particularly emphasizing an overweight in non-U.S. equity and an underweight in private equity. The preliminary October Supplemental shows approximately $302.9 million and a year-to-date performance of 10.3%.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

The Executive Summary outlines actions taken since 2021, including the approved allocation, hiring and termination of managers, and completed searches, along with the onboarding of IFM and Brookfield infrastructure and a pending $7 million private real estate search. The market value page dated October 30 suggests rebalancing trades that reduce both U.S. and non-U.S. equity and fund infrastructure.

B. Employees' Retirement Systems of the Sewerage & Water Board of New Orleans COLA Adjustments of January 1, 2026– Mitchell Bilbe, Rudd & Wisdom

Mr. Mitchell Bilbe of Rudd & Wisdom, Inc. presented an update on the Employees' Retirement System of the Sewerage & Water Board of New Orleans, Adjustments as of January 1, 2026. The Pension Plan provides an annual COLA to retirees who are at least age 65. The amount of the 2026 COLA is based on the increase in inflation as measured by the CPI for Urban Wage Earners (CPI-W) over the 12-month period ending August 2025, where such measure cannot be less than 0% nor greater than 2.0%. The COLA is applied to the first $10,000 of each retiree's original Retirement Allowance provided the retiree is age 65 or older, but it is not provided to DROP retirees who are still in their DROP participation period. The aggregate amount of the annual COLA increase for 2026 is $126,884 which compares to the 2025 increase of $123,411. There are 724 retirees who will receive the COLA in 2026. The COLA increase is effective on January 1, 2026.

ACTION ITEM

- Resolution (R-155-2026) to Accept 2026 COLA adjustment effective January 1, 2026, for eligible pensioners of the Employees' Retirement System of the Sewerage & Water Board of New Orleans

    - **Director Kennedy made a motion to approve Resolution R-155-2026. Director Bouie moved. Trustee Shine seconded. The motion carried.**

INFORMATION ITEMS

- The information items were received.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

625 St. Joseph Street

PUBLIC COMMENT

None.

ADJOURNMENT

There being no further business to come before the Pension Committee, Director Kennedy made a motion to adjourn. Trustee Maqbool moved. Trustee Clark seconded. The motion carried. The meeting was adjourned at approximately 11:52 a.m.

Board of Directors: Hon. Helena Moreno, Mayor, Jonathan Stewart, President, Chadrick Kennedy, President Pro Tempore, Hon. Jason Hughes, City Council, Kathryn Walmsley, Kimberly A. Thomas, JD, Leslie Bouie, Ariane Greenidge, Julius Kimbrough Jr., David Gallo, Corinne Villavaso

FY2027 Budget Presentation

Sewerage and Water Board of New Orleans

November 2026

I. Organization and Goals

II. Personnel

III. 2027 Proposed Operating and Maintenance Budget and Budget Summary

IV. 2027 Proposed Capital Budget

I. Organization and Goals

Enterprise Funds and Debt Service

3 separate Enterprise Funds and Pension Trust (Fiduciary Fund)*

	Water	Sewer	Drainage
Funding source	Customer Rates	Customer Rates	Dedicated property tax millages (3, 6 and 9 mil expiring in 2031, 2027 and 2046, respectively); Minor Drainage (CNO)
2027 proposed revenue	$128.1M	$157.1M	$84.7M
Outstanding debt (Board of Liquidation, City Debt)	$200M revenue bonds	$505M revenue bonds	$19M drainage tax bond + $115M other long-term debt
2027 debt service	$14.3M	$25.4M	$11.8M
Required debt service coverage	1.25x	1.25x	1.33x
Operating cash reserve requirement	90 days	90 days	None

***Pension Trust: - $308M assets; 2500 participants – 73.65% funded ratio**

Financial Covenants

Annual Operating Cash Reserve

- The annual operating cash reserve amount is calculated based on the requirements outlined in the **SWBNO Indenture**, excluding any debt service reserve funds.

- The Indenture **requires 90 days for both the water and sewer systems**, and there is **no cash reserve requirement for the drainage** system.

Debt Service Coverage (DSC)

- The **Debt Service Coverage (DSC)** calculation is defined in the General Bond Resolutions related to debt issuances. It is determined by dividing funds available for debt service (total revenues minus operating expenses) by the annual debt service payments.

- SWBNO is legally required to maintain a Debt Service Coverage ratio of **1.25** (**125 percent) for Senior Debt related to the Water and Sewer** systems and **1.33 (133 percent) for the Drainage system**.

2027 SWBNO Goals

- **Increase Financial Stability**
  - Continue collaboration with the City and key stakeholders to identify recurring funding for drainage, including renewal of an existing drainage millage and a new stormwater fee (2027 is the last year of the 3 separate drainage millages; the “6 mil” expires in 2027)
  - Increase collection effectiveness by strengthening collections strategies and reducing outstanding receivables, while maintaining a positive customer experience & promoting timely account resolution
  - Meet all 2027 bond covenants and maximize funds available for capital reinvestment
- **Continue Revised Catch Basin Cleaning & Inspection Strategy**, alternating cleanings in each Council district each weekday (Mon.-Dist. A, Tues.-Dist. B, Wed.-Dist. C, Thurs.-Dist. D, Fri.-Dist. E; weekend crews will work across the city to reduce 311 backlog)
  - Since consolidation on January 1, 2025, SWBNO is responsible for the City’s “minor” drainage system, including catch basins and small lateral lines

2027 SWBNO Goals (Continued)

- **Begin Implementation of Water Quality Master Plan**
  - Builds on the 18-month Water Quality Master Plan, which identifies the next level of investment and funding sources for treatment plants, more efficient treatment technology, and resilience to climate change and saltwater intrusion
  - $14M is included in the 2027 capital budget for Water Quality Master Planning
- **Lead Service Line Replacement Program—**Bid large-scale replacement contract for Lead Service Lines and continue collaborating with many external stakeholders
  - EPA-mandated 10-year program funded through subsidized federal loans; the work involves customers' private property
  - $105M is budgeted for the Lead Service Line (LCR) Program in 2027; approx. $152M in funding secured
- **Effectively use new Technology—**Execute Phase 1 of new Enterprise Asset / work order management system
  - Also replacing human resource and payroll platform (mid-2027) and progressing to a new customer service and billing system (2029)

2026 Budgeted and Recent Historical Years

- Minimum of 90 days Cash on Hand is required for **both the water and sewer systems**, and there is no cash reserve requirement for the drainage system.
- **Water and Sewer** systems are required to meet a **1.25x Debt Service Coverage (DSC)** ratio.
- **Drainage** 1.33x debt service coverage has been provided for through collections of the 9 mil taxes in Q1 2026.

	Cash on Hand (days)	
Fiscal Year	**Water**	**Sewer**
FY2026	308*	311*
FY2025	126	172
FY2024	184	265
FY2023	235	270
FY2022	173	220

*Calculated as of 9/30/2026

	Water DSC		Sewer DSC	
Fiscal Year	**Final**	**Budgeted**	**Final**	**Budgeted**
FY2026	–	1.72	–	2.17
FY2025	4.60	1.68	3.44	1.85
FY2024	2.51	1.90	2.87	1.98
FY2023	3.89	1.80	2.60	2.14
FY2022	2.54	1.90	2.59	1.84

DSC = Debt Service Coverage. Final = actual; Budgeted = adopted budget ratio.

Organizational Chart

III. Personnel

Personnel – 1,259 employees (1,280 in 2026)

7 divisions | 42 departments | over 200 cost centers

Executive Director
Utility leadership and strategic direction, including communications

7 employees

General Superintendent
Water, sewer and drainage operations, including meter reading, plumbing/permitting, engineering, environmental affairs, and major programs

969 employees

Special Counsel
Legal counsel and legal affairs

11 employees

Shared Services (CAO)
Shared services of HR, Safety/Security, Risk Management, and Emergency Management

71 employees

Finance
Finance, accounting, supply chain, budget and debt management

54 employees

Customer Service & Utility Billing
Revenue, Customer service and utility billing

134 employees

Information Technology
Information Technology, software system, and data support

13 employees *

Classified and unclassified employees

II. 2027 Proposed Operating and Maintenance Budget

2027 Proposed Budget v. 2026 Adopted

All Systems Revenue

Sources: Water and Sewer Rates (last change in 2020) ; 3-6-9 mill Drainage taxes (6-mil expires in 2027)

Actuals	Water	Sewerage	Drainage	Total
2025	$ 142,709,576	$ 152,683,268	$ 74,411,613	$ 369,804,457
2024	$ 117,384,096	$ 153,937,195	$ 75,863,304	$ 347,184,595

	Water	Sewerage	Drainage	Total
2027 Proposed Budget	**$ 128,136,207**	**$ 157,086,330**	**$ 85,617,096**	**$ 370,839,633**
2026 Adopted Budget	$ 127,206,760	$ 156,952,815	$ 85,443,776	$ 369,603,351
Variance	$ 929,447	$ 133,515	$173,320	$ 1,236,282

2027 Proposed Budget v. 2026 Adopted

All Systems Expenditures

	Operating & Maintenance Expenses	Debt Service	Pay-go Capital (residual free cash flow)	Total Cash Need
2027 Proposed Budget	$299,054,777	$50,580,733	$21,204,261	$370,839,771
2026 Adopted Budget	$284,837,266	$52,622,342	$32,143,743	$369,603,351
Variance	$14,217,511	($2,041,609)	($10,939,482)	$1,236,420

A breakout by system is available in the appendix.

Debt Service Coverage Requirements

The Debt Service Coverage (DSC) calculation is defined in the General Bond Resolutions related to debt issuances. It is determined by dividing funds available for debt service (revenues minus operating expenses) by the annual debt service payments.

- SWBNO is legally required to maintain a Debt Service Coverage ratio of 125 percent for Senior Debt related to the Water and Sewer systems and 133 percent for the Drainage system.

Debt Service Coverage Calculation		Water		Sewerage		Drainage
Revenues for Debt Service Coverage:						
Total Operating Revenues	$	124,384,779	$	153,986,030	$	8,100,000
Total Non-Operating Revenues	$	3,751,429	$	3,100,300	$	76,617,096
Total Revenues for Debt Service Coverage	**$**	**128,136,208**	**$**	**157,086,330**	**$**	**84,717,096**
Expenses for Debt Service Coverage:						
Operating & Maintenance Expenses	$	104,708,838	$	112,117,199	$	72,598,602
Allowance for Doubtful Accounts	$	4,500,000	$	4,800,000	$	-
Total Expenses for Debt Service Coverage	**$**	**109,538,838**	**$**	**116,917,199**	**$**	**72,598,602**
Net Revenues Available for Debt Service	**$**	**18,597,370**	**$**	**38,932,685**	**$**	**32,048,436***
Senior Debt Service	**$**	**13,305,045**	**$**	**21,468,068**	**$**	**10,110,744***
Debt Service Coverage		**1.40**		**1.87**		**3.17****

**The Debt Service Coverage for Drainage is calculated using the net revenues and senior debt service of the 9-mill tax*

***Debt Service Coverage for Drainage requires that taxes pledged to the bonds must be 1.33 times greater than debt service*

IV. 2027 Proposed Capital Budget

Capital Budget Needs

- 3 Major Categories
  - Large Programs: multi-year, transformational projects with planning documents that can be used to secure external funding
  - Yearly Capital Needs: annual needs for yearly replacements and renewals (e.g., water main repairs) to address aging infrastructure
  - Combination needs: software and technology; vehicles/equipment/materials; and facilities/buildings needs
- Drivers
  - Aging infrastructure
  - Regulatory compliance
  - Modernization, Efficiency, and Sustainability

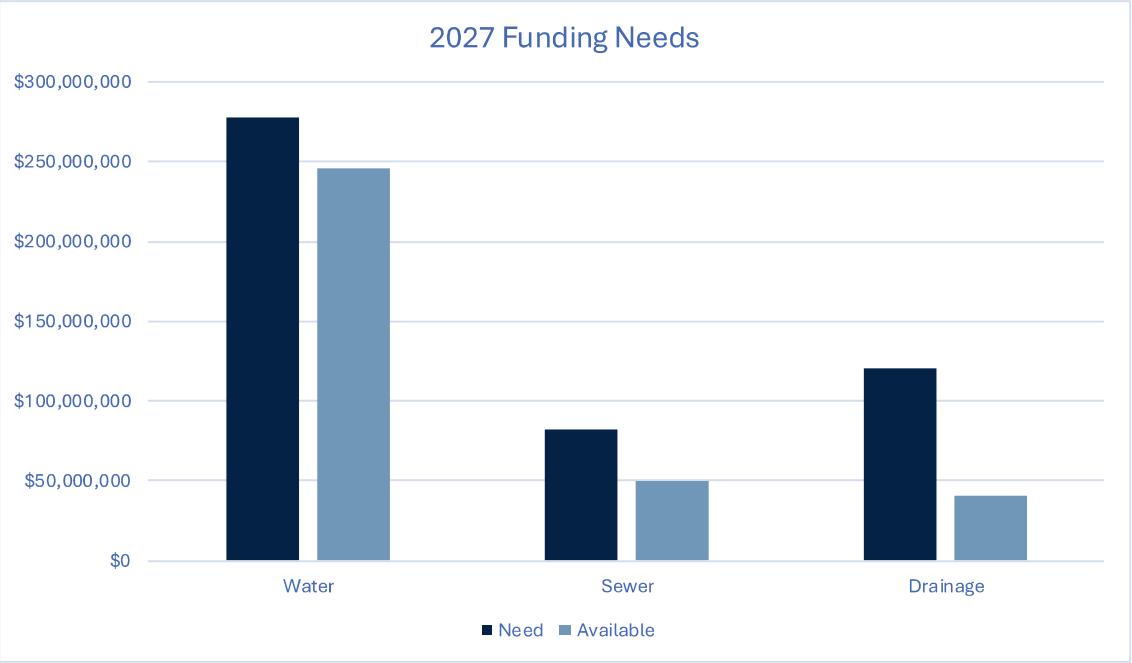

Estimated Total System Needs (multi-year)

Need	Estimated Needs	Status
Water Treatment Plant Replacement	$2B over 20-30 years	Master plan completed; seeking funding for first $500M
Lead Service Line Replacements	$1B over 10 years	$152M secured; must replace by 2037; phased rollout underway
Wastewater Treatment Plant Upgrades	TBD	$38M loan secured and work underway
Water Main Replacements	$6B	Replace 2-3% per year
Sewer Line Replacements	TBD	Replace 2-3% per year
Drainage System Upgrades	An additional $50M/year	Millage renewal needed in 2027 to maintain existing funding; stormwater/parcel fee to add funding under development

Capital Budget

- ***Capital Budget is composed of two components:***
  - **Funded projects** have secured dollars that can be used to bid or execute projects in FY2027
  - **Unfunded projects** have no secured source yet

- 2027 Identified Need: $479.5M
- Estimated Cash Financing: $21.2M
- External sources: $284M
- Unfunded amount: $174M (36%)

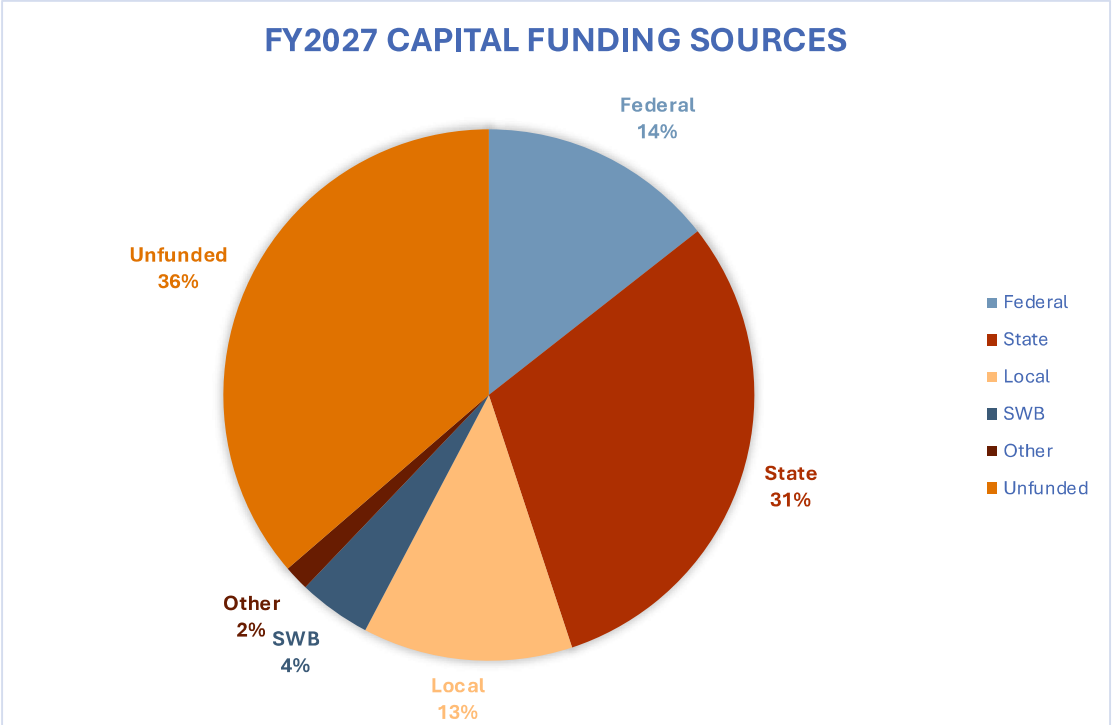

Capital Funding

- ***We have aggressively sought external funding sources in recent years, with over $284M in external sources secured for 2027 needs***
- ***Maximized available debt capacity using low-interest state and federal loans***

Capital Funding Types

- Loans:
  - LDH Loans (ramping up)
  - LDEQ Loans (ramping up)
  - WIFIA Loan (nearing end)
- Grants
  - FEMA Grant (nearing end)
  - CNO JIRR Contribution (continuing)
  - HERO Grant (anticipated)
- Other State and Local
  - Fair Share (ongoing)
  - Capital Outlay (new + ongoing)

Priority Self-Funded Capital Projects

Revenue funded projects → note that available revenues are only $21M and not sufficient for all priority needs

- Water
  - Water main repairs/replacements; emergency repair; Capital Outlay match
- Sewer
  - Sewer Main replacements; design for SPS rehab and construction; SSERP program completion; WWTP repairs
- Drainage
  - Emergency repairs; Capital Outlay match (Monticello Canal design)
- Combination
  - Vehicle replacements; SWBNO Building repairs (HVAC, elevators); IT projects

Capital Program Needs and Sources (2027)

	Sewer	Water	Drainage	Total	External Funding Available
Large Programs					
Lead Service Line Replacement Program	$ -	$ 105,000,000	$ -	$ 105,000,000	**$ 105,000,000**
Water Treatment Plant Upgrades (5-yr and 30-yr CIP)	$ -	$ 41,500,000	$ -	$ 41,500,000	**$ 27,500,000**
Waterline Replacement (JIRR w/ DPW)	$ -	$ 76,600,000	$ -	$ 76,600,000	**$ 76,400,000**
Wastewater Treatment Plant Upgrades	$ 26,568,608	$ -	$ -	$ 26,568,608	**$ 14,975,375**
Power Complex (Phase 2)	$ -	$ -	$ 47,000,000	$ 47,000,000	**$ 33,000,000**
SELA	$ -	$ -	$ 4,050,000	$ 4,050,000	**$ -**
Sewer line Replacement Program (SSERP, JIRR, WIFIA)	$ 18,750,000	$ -	$ -	$ 18,750,000	**$ 17,750,000**
Water Main Replacement Program	$ -	$ 13,400,000	$ -	$ 13,400,000	**$ -**
Major Drainage System Improvements (Future Program)	$ -	$ -	$ 1,000,000	$ 1,000,000	**$ 750,000**
Annual Needs					
Minor Drainage	$ -	$ -	$ 11,100,000	$ 11,100,000	**$ 2,600,000**
Major Drainage (including pump stations)	$ -	$ -	$ 28,335,000	$ 28,335,000	**$ -**
Power Facilities	$ 726,000	$ 768,000	$ 6,706,000	$ 8,200,000	**$ -**
Water Main Repairs (annual needs)	$ -	$ 7,000,000	$ -	$ 7,000,000	**$ -**
Sewer Line Reparis (annual needs)	$ 8,500,000	$ -	$ -	$ 8,500,000	**$ -**

HOLIDAY CALENDAR ADDITIONS - 2026

WHEREAS, on July 23, 2026, the New Orleans City Council ("Council") adopted Motion No. M-26-285, which amended the holiday schedule for City Government for the year 2026 to include an additional holiday on August 28, 2026 for Hurricane Katrina Remembrance; and

WHEREAS, on October 20, 2026, the Mayor of the City of New Orleans, in collaboration with the New Orleans City Council, established Election Day, Tuesday, November 3, 2026, as a city holiday to encourage residents and city employees to exercise their right to vote; and

NOW, THEREFORE, BE IT RESOLVED, that the Sewerage and Water Board of New Orleans (SWBNO) hereby adopts and ratifies the following changes (additions) to the SWBNO holiday calendar for the year 2026, as set forth below:

- **Hurricane Katrina Remembrance, Friday, August 28, 2026**
- **Election Day, Tuesday, November 3, 2026**

I, Randy E. Hayman, Esq., Executive Director,
Sewerage and Water Board of New Orleans, do hereby
certify that the above and foregoing is a true and a correct
copy of a Resolution adopted at the Regular Monthly
Meeting of said Board of Directors, duly called and held,
according to law, on
November 18, 2026.

_____

Randy E. Hayman, Esq.
EXECUTIVE DIRECTOR
SEWERAGE AND WATER BOARD OF NEW ORLEANS

HOLIDAY CALENDAR - 2027

BE IT RESOLVED, that in accordance with the holiday schedule adopted for City Government for the year 2027, the Sewerage and Water Board of New Orleans does hereby adopt its holiday calendar for the year 2027, as set forth below:

HOLIDAY	**DATE OF OBSERVANCE**
New Year's Day 2027	Friday, January 1
Martin Luther King, Jr. Day	Monday, January 18
Mardi Gras	Tuesday, February 9
Good Friday	Friday, March 26
Memorial Day	Monday, May 31
Juneteenth Day (Observed)	Friday, June 18
Independence Day (Observed)	Monday, July 5
Katrina Remembrance Day	Monday, August 30
Labor Day	Monday, September 6
Indigenous People's Day	Monday, October 11
Thanksgiving Day	Thursday, November 25
Veterans Day (Observed)	Friday, November 26
Christmas Eve (Observed)	Thursday, December 23
Christmas Day (Observed)	Friday, December 24
New Year's Eve	Friday, December 31

BE IT FURTHER RESOLVED, that in addition to aforesaid holidays, the Sewerage and Water Board of New Orleans will recognize any additional holidays declared by the City Council for the City of New Orleans.

I, Randy E. Hayman, Esq., Executive Director,
Sewerage and Water Board of New Orleans, do hereby
certify that the above and foregoing is a true and a correct
copy of a Resolution adopted at the Regular Monthly
Meeting of said Board of Directors, duly called and held,
according to law, on
November 18, 2026.

Randy E. Hayman, Esq.
EXECUTIVE DIRECTOR
SEWERAGE AND WATER BOARD OF NEW ORLEANS

AUTHORIZING APPLICATION TO THE LOUISIANA DEPARTMENT OF HEALTH FOR FUNDING FROM THE LOUISIANA DEPARTMENT OF HEALTH's DRINKING WATER REVOLVING LOAN FUND (DWRLF) FOR COMPLIANCE WITH THE REVISED LEAD AND COPPER RULE (LCRR) AND LEAD AND COPPER RULE IMPROVEMENTS (LCRI) FOR LEAD SERVICE LINE IDENTIFICATION AND REMOVAL PURPOSES

WHEREAS, the Sewerage and Water Board of New Orleans (the "Sewerage and Water Board") the Board is charged by law with responsibility for public water, sewerage and drainage systems and functionality throughout the city of New Orleans; and,

WHEREAS, that mission encompasses improving the quality of life of the people of New Orleans by providing safe drinking water that meets federal and state standards for public consumption; and,

WHEREAS, under the "Bipartisan Infrastructure Law ("BIL")" signed by President Biden on November 15, 2021, Louisiana is eligible to receive dedicated funding over the next five (5) years for Lead Service Line (LSL) identification and replacement, under which any eligible project involving the identification and replacement of all lead service lines must replace the entire lead service line (both public and private owned portions), unless a portion has already been replaced or is concurrently being replaced with another funding source; and,

WHEREAS, the Sewerage and Water Board is in need of additional funding for its' Lead Service Line removal program for the Carrollton Water Works and Distribution System whose PWS ID No. is LA1071009; and,

NOW, THEREFORE, BE IT RESOLVED by the Sewerage and Water Board of New Orleans that:

1. The Chief Financial Officer of the Sewerage and Water Board (the "Chief Financial Officer") is hereby authorized to execute and submit a Loan Application in the amount of $90,000,000.00 to the Louisiana Department of Health on behalf of the Sewerage & Water Board of New Orleans for the purpose of placing this project on the Comprehensive Priority List for funding through LDH's Drinking Water Revolving Loan Fund ("DWRLF") program; and,

2. The Chief Financial Officer is further authorized to furnish such additional information as may reasonably be requested in connection with the Loan Application; and,

NOW, THEREFORE, BE IT FURTHER RESOLVED the Chief Financial Officer is hereby designated as the Official Project Representative and is hereby given signature authority for all relative documents for the Sewerage and Water Board of New Orleans for any project that may result from the submission of the Loan Application Form 100A and accompanying documents. Furthermore, the Chief Financial Officer representing the Sewerage and Water Board of New Orleans is hereby authorized to take all necessary action to implement, maintain, amend and renew such documents relative to any such project.

I, Randy E. Hayman, Esq. Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,
duly called and held, according to law, on
November 18, 2026.

CONTRACT CHANGE ORDER BY AUTHORIZATION (2)

Page 07 R-115-2026 — Authorization of Change Order No. 5 for Contract 30247– Restoration of Gravity Flow Sanitary Sewers by Excavation and Replacement from Manhole to Manhole, CIPP Lining from Manhole to Manhole, CIPP Lining of Service Laterals and Point Repairs at Various Sites throughout the City of New Orleans between The Sewerage and Water Board of New Orleans and CMG Pipelines, Inc.

Page 11 R-122-2026 — Authorization of Change Order No. X for Contract 2163- Water Main Point Repair, Water Service Connection, Water Valve and Fire Hydrant Replacement at Various Sites Throughout Orleans Parish between The Sewerage and Water Board of New Orleans and Boh Bros. Construction Co., LLC.

RATIFICATION OF CHANGE ORDER NO. 8 FOR CONTRACT 30254 – CARROLLTON BASIN NO. 13 SEWER REHABILITATION BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND BLD SERVICES, LLC.

WHEREAS, The Sewerage and Water Board of New Orleans advertised on August 18, 2023, according to public bid law, a Request for Bids
for Contract 30254 – Carrollton Basin No. 13 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30254 were received on September 14, 2023; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to BLD Services, LLC in the amount of $4,373,468.00 per R-110-2023; and,

WHEREAS, Change Order No. 1 (R-135-2024) represents Field Change Order (FCO) 1 - Partial service repair on a house service connection where the main is in good condition, but the service is collapsed up the line., FCO 2 – Adding new items to complete sewer repairs due to existing sewer being at a lower elevation than expected and resolving a conflict with a storm drain, and FCO 3 - Move the following segments 032-001/033-042 (1500 Dante St.), 033-039/033-037 (1600 Dante St.), 033-037/033-036 (1700 Dante St.), 033-036/033-035 (1800 Dante St.) in the Carrollton Basin from RR067 to 30254 to help meet the consent decree milestone. Also, FCO 3 adds six new pay items to complete the repairs along Dante Street. X10-Initial Bypass Setup and Removal, X11- Initial Bypass Operation, X12-Reset Bypass Setup, X13-Reset Bypass Operation, X14-Sewer Main Cleaning/CCTV (21"), X15-Pipe Liner (CIPP, 21"). Change Order No. 1 added $1,313,882.32 to the Contract; and,

WHEREAS, Change Order No. 2 (R-011-2025) represents FCO 4 - Increase the quantity of nine existing pay items due to the change in scope of restoration work. Increase the quantity of two existing pay items to complete the repairs along Dante Street. Increase the quantity of three existing pay items for waterline repairs due to leaks encountered in the field. Change Order No. 2 added $1,325,964.50 and 90 days to the Contract; and,

WHEREAS, Change Order No. 3 (R-141-2025) represents FCO 5 and 6. FCO 5 adds 75 days to the Contract for weather delays, water leaks, and additional restoration work. FCO 6 adds $2,671,105.51, adjusts quantities for completed and remaining required work, and adds 124 days due to weather delays, additional restoration, and change from interim pavement to permanent pavement. FCO 6 also adds 4 new Bid Items: X16 – Manhole Adjustments >6", X17 – Catch Basin Adjustment, X18 – 6" Barrier Curb, and X19 – Exploratory Excavation; and,

WHEREAS, Change Order No. 4 (R-145-2025) represents FCO 7. FCO 7 added $6,759,562.13, increasing quantities of existing bid items and adding new bid items for the installation of a new sewer and abandonment of an existing sewer along Erato Street. FCO 7 adds 9 new Bid Items: X20 - Erato Mobilization; X21 - Erato Traffic Control; X22 - Erato Gravity Sewer Sheet Pile and Bracing; X23 - Erato Install Sewer Main (36" At 20.1'-22.0'); X24 - Erato Jack & Bore 48" Casing; X25 - Erato Jack & Bore Entry Pit Including Sheeting and Backfill; X26 - Erato Jack & Bore Receiving Pit Including Sheeting and Backfill; X27 - Erato Sewer Manholes Up To 22' Deep Including Sheeting; and X28 - Erato Plug And Flow Fill Existing 33" Sewer Line; and,

WHEREAS, Change Order No. 5 (R-010-2026) represents FCO 1 and 8. Although FCO 1 was mentioned in Change Order No. 1, it failed to add the $17.57 that should have been added in the FCO. FCO 8 adds 444 days to the Contract duration to account for the added time it will take to construct the improvements included in FCO 7 and approved in R-145-2025. FCO 8 adds $17.57, and added 0 days to the Contract, with a substantial completion date of December 4, 2026; and,

WHEREAS, Change Order No. 6 (R-035-2026)) represented FCO 9 and included new bid item X29 – Entergy Power Lines, necessary to address changes in project scope and additional costs associated with continued sewer rehabilitation activities under Contract 30254 – Carrollton Basin No. 13 Sewer Rehabilitation; and Change Order No. 6 increases the Contract value by $104,565.51 and added 0 days to the Contract; and, bringing the total accumulated Change Order amount to $12,175,097.54 and the total Contract value to $16,548,565.54, with no change to the Contract time and maintaining the substantial completion date of December 4, 2026; and,

WHEREAS, Change Order No. 7 (R-096-2026) represented FCO 10 and FCO 11 with necessary changes to project scope and additional costs associated with continued sewer rehabilitation activities under Contract 30254 – Carrollton Basin No. 13 Sewer Rehabilitation; and Change Order No. 7 increases the Contract value by $6,005.78; and, bringing the total accumulated Change Order amount to $12,181,103.38 and the total Contract value to $16,554,571.38, with no change to the Contract time and maintaining the substantial completion date of December 4, 2026; and,

WHEREAS, this Change Order No. 8 (R-114-2026) represents FCO 12 and includes necessary changes to the project scope associated with continued sewer rehabilitation activities under Contract 30254 – Carrollton Basin No. 13 Sewer Rehabilitation, including adjustments to the quantities of existing bid items to reflect actual work performed and the addition of eight new bid items: X31 – Additional Pit and Manhole Sheeting, Supports, and Backfill; X32 – Install 6" and 8" Insertion Valves; X33 – All Star Electric (Pre-Construction Site Work at Intersections); X34 – Bypass Setup/Removal; X35 – Bypass Monthly Cost; X36 – Install Pits for CIPP; X37 – 33" CIPP and CCTV; and X38 – 39" CIPP and CCTV; and,

WHEREAS, Change Order No. 8 increases the Contract value by $2,169,475.77, bringing the total accumulated Change Order amount to $14,350,579.15 and the total Contract value to $18,724,047.15, with no change to the Contract time and maintaining the substantial completion date of December 4, 2026; and,

NOW THEREFORE BE IT RESOLVED, the approval of Change Order No. 8 for Contract 30254 is hereby approved by The Sewerage and Water Board of New Orleans.

I, Randy E. Hayman, Esq. Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,
duly called and held, according to law, on
November 18, 2026.

AUTHORIZATION FOR AWARD OF CONTRACT FOR INFORMATION TECHNOLOGY PROFESSIONAL SERVICES BETWEEN SEWERAGE AND WATER BOARD OF NEW ORLEANS AND LOUISIANA TECHNOLOGY GROUP, INC.

WHEREAS, pursuant to Policy Memorandum No. 95, on May 12, 2026, the Sewerage and Water Board of New Orleans ("Board") advertised Request for Proposals No. 2026-SWB-30 (RFP) soliciting proposals from qualified providers of information technology (IT) professional services in support of the Board's Office of the Chief Information Officer (OCIO) that may include enterprise application support, infrastructure and operations, cybersecurity, operational technology, information management, and digital transformation; and,

WHEREAS, twenty-five (25) proposals were received by the June 11, 2026 submission deadline; however, only fifteen (15) met the required qualifications set forth in the RFP; and,

WHEREAS, after one (1) round of evaluation by the Board's Proposal Selection Committee (the "Committee"), the firm Louisiana Technology Group, Inc. (“LATG”) was selected by the Committee and is ready, willing and able to provide the necessary services;

WHEREAS, the annual cost associated with this agreement is expected to vary according to the number of open and active task orders issued to LATG; provided, however, that such costs are estimated not to exceed **$5,400,000.00 annually**, with significant decreases anticipated in future years due to the planned transition of certain job functions to civil service positions; and

NOW, THEREFORE BE IT RESOLVED, that the Board of Directors of the Sewerage and Water Board of New Orleans hereby approves the Proposal Selection Evaluation Committee's recommendation to enter into a contract with LATG, in accordance with the RFP and approved proposal.

I, Randy E. Hayman, Executive Director, Sewerage and Water Board of New Orleans, do hereby certify that the above and foregoing is a true and a correct copy of a Resolution adopted at the Regular Monthly Meeting of said Board, duly called and held, according to law, on November 18, 2026.

(2 of 2) -- MONTHLY Report -- August 2026 -- HGI Global -- for the Sewerage & Water Board of New Orleans (SWBNO)

City Council or New Orleans (CCNO)
Council Utilities Regulatory Office (CURO)
Sewerage & Water Board of New Orleans (SWBNO)
Invoice Dispute, Appeals & Arbitration Management Program (IDAAM)

Good Evening --

I pray this detailed report finds each of you and your families well.

I trust you have been receiving our **DAILY** reports -- and the corresponding **WEEKLY** recaps -- which quantify our efforts on behalf of the **Sewerage & Water Board of New Orleans** (SWBNO).

With that said, I would also like to provide you with this **MONTHLY** summation of the professional services being provided by **HGI Global** • **Hammerman & Gainer** (HGI) on behalf of SWBNO.

All Third-Party Customer Service activities are being performed at the request of the **City Council** of New Orleans, LA.

If you have any questions, whatsoever, please do not hesitate to reach out to me.

My contact information is listed below.

• Total Credits Issued:

For the month of **August**, a total of **$519,942** in credits were issued to sewerage and water customers in the City of New Orleans.

For the second month in a row -- this is the lowest amount of credits issued (per month) so far this year. The previous low was in July.

Moreover, this is significantly lower than the eight (8) month average of **$795,894** in credits issued for erroneous invoices and other mitigations so far this year.

This brings the total amount to more than **$6.367 million** for the year-to-date (first eight months) of 2026.

3rd Qtr	$	519,942.43	total customer credits issued in **August, 2026**
	$	556,303.74	total customer credits issued in **July, 2026**
2nd Qtr	+	1,403,518.81	total customer credits issued in **June, 2026**
	+	726,190.62	total customer credits issued in **May, 2026**
	+	737,336.83	total customer credits issued in **April, 2026**
1st Qtr	+	1,054,718.16	total customer credits issued in **March, 2026**
	+	732,396.27	total customer credits issued in **Febuary, 2026**
	+	636,752.25	total customer credits issued in **January, 2026**
	=	**6,367,159.11**	total credits issued for the **Year to Date, 2026**
	avg:	*795,894.89*	• *average / month (for 8 months year-to-date)*

For more detailed information, please see the attached data sheet.

• Call Volumes & Other Services Provided by HGI Global:

The amount of credits issued appears to correlate with the amount of customer calls managed by our Third-Party Customer Service here at HGI.

In the month of August, call volumes continue to be exceed the amount of calls fielded by our Team in the same time period last year.

Indeed -- over the twenty one (21) working days of August -- our Customer Service Center Team at HGI professionally managed:

- an average of **137** inbound calls from SWBNO customers per day,
- along with approximately **47** outbound (follow up / customer response) calls each day.

For your further review, daily statistical details (and averages) are included in the attached report.

• Reasons for the Increases:

Based on our analysis, we attribute these increases to the fact that we are continuing to field a wider range of customer service calls, including:

- standard invoice dispute and appeals calls,
- calls regarding a wider scope of (non-dispute / non-appeals) matters,
- calls forwarded directly by SWBNO customer service staff to our professionally-manned, 13-person HGI Customer Service Department,
- and calls from customers who are opting to speak to a live person at HGI (rather than leave a voice message on the SWBNO phone system).

A breakdown of the categories of professional services provided by HGI Global can be found in the corresponding Daily Report.

Once you have had an opportunity to review these statistics, please let me know if you have any questions.

With warmest personal regards,

-- Lou

(2 of 2) -- MONTHLY Report -- September 2026 -- HGI Global -- for the Sewerage & Water Board of New Orleans (SWBNO)

City Council or New Orleans (CCNO)
Council Utilities Regulatory Office (CURO)
Sewerage & Water Board of New Orleans (SWBNO)
Invoice Dispute, Appeals & Arbitration Management Program (IDAAM)

Good Afternoon --

I pray this detailed report finds each of you and your families well.

I trust you have been receiving our **DAILY** reports -- and the corresponding **WEEKLY** recaps -- which quantify our efforts on behalf of the **Sewerage & Water Board of New Orleans** (SWBNO).

With that said, I would also like to provide you with this **MONTHLY** summation of the professional services being provided by **HGI Global** • **Hammerman & Gainer** (HGI) on behalf of SWBNO.

All Third-Party Customer Service activities are being performed at the request of the **City Council** of New Orleans, LA.

If you have any questions, whatsoever, please do not hesitate to reach out to me.

My contact information is listed below.

• Total Credits Issued:

For the month of **September**, a total of **$457,472** in credits were issued to sewerage and water customers in the City of New Orleans.

For the **third month in a row** -- this is the lowest amount of credits issued (per month) so far this year.

The previous low was in August. Prior to that it was July. This is appearing to be a positive trend.

Moreover, this month's results were significantly lower than the nine (9) month average of **$758,292** in credits issued for erroneous invoices and other mitigations so far this year.

This brings the total credits issued to **$6.824 million** for the year-to-date (first nine months) of 2026.

3rd Qtr	$	519,942.43	total customer credits issued in **August, 2026**
	$	556,303.74	total customer credits issued in **July, 2026**
2nd Qtr	+	1,403,518.81	total customer credits issued in **June, 2026**
	+	726,190.62	total customer credits issued in **May, 2026**
	+	737,336.83	total customer credits issued in **April, 2026**
1st Qtr	+	1,054,718.16	total customer credits issued in **March, 2026**
	+	732,396.27	total customer credits issued in **Febuary, 2026**
	+	636,752.25	total customer credits issued in **January, 2026**
	=	**6,367,159.11**	total credits issued for the **Year to Date, 2026**

avg:	*795,894.89*	• *average / month (for 8 months year-to-date)*

For more detailed information, please see the attached data sheet.

• Call Volumes & Other Services Provided by HGI Global:

Despite the lower amount of credits, the number of customer calls managed by our Third-Party Customer Service here at HGI continues to remain at a high level.

Incoming calls in September were nearly equal to -- or greater than -- the amount of calls we fielded in May, June, July and August.

Moreover, in the month of September, call volumes continue to be exceed the amount of calls fielded by our Team in the same time period last year.

Indeed -- over the twenty one (21) working days of September -- our Customer Service Center Team at HGI professionally managed:

- an average of **159** inbound calls from SWBNO customers per day,
- along with approximately **55** outbound (follow up / customer response) calls each day.

In addition, the amount of Dispute Hearings scheduled has more than doubled -- from 15 and 17 per day in July and August -- to more than 30 per day in September

For your further review, daily statistical details (and averages) are included in the attached chart, or in your corresponding Daily Report.

• Reasons for the Increases:

Based on our analysis, we attribute these increases to the fact that we are continuing to field a wider range of customer service calls, including:

- standard invoice dispute and appeals calls,
- calls regarding a wider scope of (non-dispute / non-appeals) matters,
- calls forwarded directly by SWBNO customer service staff to our professionally-manned, 13-person HGI Customer Service Department,
- and calls from customers who are opting to speak to a live person at HGI (rather than leave a voice message on the SWBNO phone system).

A breakdown of the categories of professional services provided by HGI Global can be found in the corresponding Daily Report.

Once you have had an opportunity to review these statistics, please let me know if you have any questions.

With warmest personal regards,

-- Lou

Minor Drainage Consolidation Revenue Update

City of New Orleans and SWBNO
January 1, 2025 Transfer Agreement - Minor Drainage System
Transfer and Consolidation Pursuant to Acts 783 and 103 of 2024

Estimated FY2025	Actual FY2025	Estimated FY2026	**FY26 -Year to Date (Sept.)**	
$5,220,088	-	4,000,000	**3,374,786**	Total Traffic Camera Revenue**
$5,000,000	-	-	-	Special Annual Allocation- Ordinance 34609
$3,713,220	$3,713,220	-	-	ARPA - 1 Time contribution
$5,000,000	5,769,242	6,000,000	**3,373,613**	Infrastructure Maintenance Fund - former 25% DPW Share
$18,933,308	$9,482,462	$10,000,000	**6,748,399**	

Note- $2m Bond funding provided by CNO in October 2026 for Minor Capital Point repair budget (Special Contribution)

*September IMF not reported as of 10/29/2026 by CNO

**June 2024 to Dec 2025 net collected and forwarded to SWBNO Minor Drainage (April 2026)

Joint Infrastructure with City (9/10/2026) – DPW Invoices

Cooperative Endeavor Agreements (CEAs)	
Max Pave -	$2.8
o 4-year payment plan proposed to the City	
Other Bond Projects	$15.8
o Reconciliation stages with DPW; approximately 20 City led project dating back 10+ years	
JIRR (Joint Infrastructure Roads Recovery)	
o Project Worksheet (PW) 21031 Grant Funding and Sewer Financing –	$5.6
o Project Worksheet 21032 Grant Funding (City of New Orleans)	$41.2
New invoices under review	$1.5
Total Joint Infrastructure – tracked via PDU Dashboard	$66.9

**** Council requested payment plan proposal provided on 10/1/2026 -**

($29m remitted to DPW thru May and the additional $20m requested (June-October) remitted to DPW by the requested 10/31/2026 timeline.

***City paving costs estimated $44m (FEMA JIRR) paid from Sewer Consent Decree work not reflected above

OFFICE OF GENERAL SUPERINTENDENT
SEWERAGE AND WATER BOARD OF NEW ORLEANS

NOVEMBER 18, 2026

To the Honorable President and members of the Sewerage and Water Board of New Orleans, the following report for the month of **OCTOBER** is presented herewith:

Contract Number	Contractor	Project	O&M	Capital	Oct-26
1376	M.R. Pittman Group, LLC	Water Hammer Hazard Mitigation Program - Panola & High Lift PS Rehab		X	99%
1417	Walter J. Barnes Electric Co., Inc	Power Complex - Static Frequency Changers Purchase		X	99%
1420	Frischhertz/Barnes A Joint Venture	Power Complex - Installation and Commissioning Equipment		X	94%
1452	Industrial & Mechanical Contractors	Sycamore Filter Gallery Rehabilitation – Phase 4		X	99%
2163	Boh Bros. Construction Co, LLC	Water Point Repair	X		93%
2164	Wallace C. Drennan, Inc	Water Line Replacement and Extensions		214-00	93%
30244	CES	Cleaning & CCTV Inspection	X		94%
30246	Wallace C. Drennan, Inc	Sewer Rehabilitation	X		97%
30264	CES	Cleaning & CCTV Inspection	X		94%
TM010	Roubion Construction	Decatur and St. Peter Transmission Main Project	X	175-13	95%

PLUMBING DEPARTMENT

Submitted herewith is the monthly report for work performed by the Plumbing Department.

There were 228 Plumbing permits issued in October 2026. This department complied with 594 requests for Plumbing Inspections, which consisted of inspections conducted with Licensed Plumbing Contractors, Property Owners, Tenants, Department of Health and Hospitals Sanitarians, and Environmental Inspectors. There were one hundred ten investigations during the month of October 2026.

The following numbers are the permits issued and inspections conducted:

Permits Issued	August 2026	September 2026	October 2026	2026 YTD
Plumbing Permits Issued	180	210	228	**2,084**
Backflow Install Permits	067	075	055	**802**
Total	**247**	**285**	**283**	**2,886**

Inspections Conducted	August 2026	September 2026	October 2026	2026 YTD
Water	238	300	335	**2,805**
Special	012	004	005	**102**
Final	179	137	144	**1,867**
Total	**429**	**441**	**484**	**4,774**

Investigations Conducted	August 2026	September 2026	October 2026	2026 YTD
Investigations	**073**	**200**	**110**	**467**

RAINFALL REPORT FOR OCTOBER 2026

The rainfall for the month of October was 5.78" compared to the 133-year average of 3.22" for the month of October. The cumulative rainfall through the **tenth** month of the year was 48.85" compared to the 133-year average of 50.97".

AVERAGE DAILY PUMPAGE FOR THE MONTH OF OCTOBER 2026

Eastbank (New Orleans)	137.22 Million Gallons Per Day
Westbank (Algiers)	10.34 Million Gallons Per Day

Respectfully submitted,

KAITLIN TYMRAK, P.E.
GENERAL SUPERINTENDENT

October 2026

SWBNO SAFETY REPORT

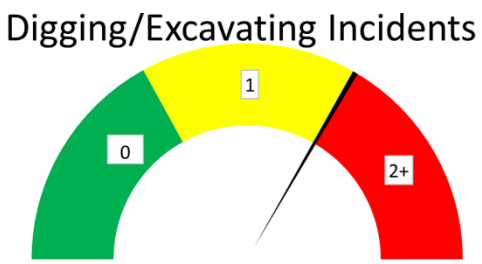

Executive Summary

We are pleased to present the October 2026 Safety Report. The purpose of this report is to present data tracked by the Safety Department, Risk Management Office, Claims Office, Accident Review Board, and the Workers' Compensation Office, and to provide a summary of actions taken to improve employee safety and reduce risks in our operations. The data collected by the departments are analyzed on a monthly basis for both leading and lagging indicators to identify emerging risks, measure the impact of previously implemented policies, and to pinpoint areas of operations where additional safety training would be most beneficial.

The Workers' Compensation Office is excited to report continued progress in its ongoing effort to close aging Workers' Compensation claims. Since the initiative began five years ago, the number of claims open longer than one year has been reduced from 53 to 11, representing a reduction of nearly 80 percent. A key component of this success has been the strategic resolution and settlement of long-standing claims, bringing associated costs to a close and reducing future financial exposure. Through these efforts, the Board has achieved nearly $8.5 million in cost savings. In addition to settling older claims, the Workers' Compensation Office has successfully closed numerous files through administrative processes and proactive claim management strategies, further reducing the overall inventory of open claims and associated liabilities. The team remains focused on resolving the remaining aging claims and expects additional closures in the coming months. Workers' Compensation also continues to proactively manage medical, prescription, and indemnity expenses through oversight, cost-containment measures, and early intervention strategies. These efforts help ensure that open claims are managed efficiently and in the most fiscally responsible manner possible while continuing to provide appropriate benefits to injured employees.

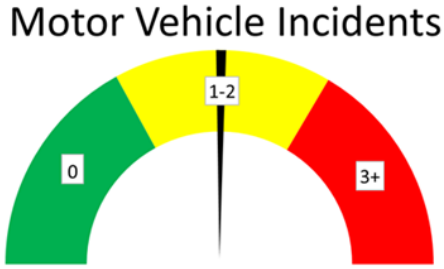

Please note that this report is the product of a collaboration between the Safety and Risk Management departments, and is broken down into five sections:

1. Safety
2. Accident Review Board
3. Workers' Compensation
4. Claims Office
5. Risk Management

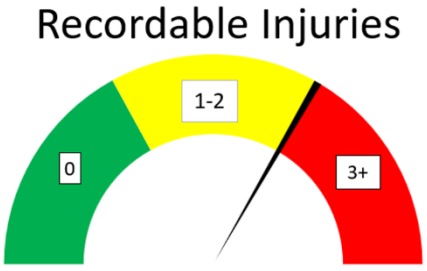

2 Digging/Excavating Incidents

Target: 0 Digging/Excavating Incidents

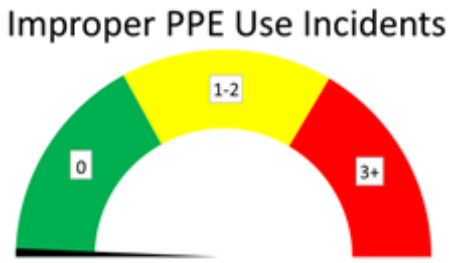

2 Motor Vehicle Incidents

Target: 0 Motor Vehicle Incidents

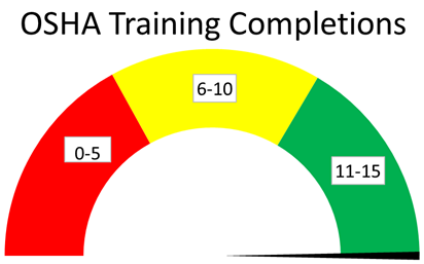

3 Recordable Injuries

Target: 0 Recordable Injuries

0 Improper PPE Use Incidents

Target: 0 Improper PPE Use Incidents

16 OSHA Training Completions

Target: 10+ OSHA Training Completions

Safety

Safety Incident Investigation Report

Below is the Safety Incident Investigation tracking report for incidents that required a Safety Investigation. The report outlines the events leading up to the incident and recommended action to prevent the same type of incident from happening again. These incidents are included in the data reported on the usage of proper PPE and were the result of Safety Department investigations closed during the current reporting period, which do not necessarily represent incidents that occurred during the current reporting period.

Department	Date of Incident	Description	Recommended Action	Closed Date	Proper PPE
Networks	9/24/2026	Employee was moving a cement chute when it made contact with his head, causing injury.	The Safety Department recommends managers reassess the PPE requirements for cement operations, to include hard hats with chin straps when performing tasks with overhead hazards. Safety recommends managers train employees on job specific duties to allow for knowledge-based decisions to reduce the risk of injury. Safety recommends a written Job Hazard Assessment (JHA) be completed before performing tasks. Safety recommends creating a written Standard Operating Procedure (SOP) for cement pouring. Safety recommends equipment be operated only by trained designees. Safety recommends employees monitor arrangement and placement of feet when working in areas with wet or slick surfaces to reduce slip, trip, and fall hazards.	10/5/2026	Yes
Networks	10/5/2026	Employee was in the bed of a crew truck when a piece of equipment fell out of the truck's body storage box and landed on the employee's foot.	Safety recommends the following to reduce the risk of employees sustaining injuries from improperly secured, arranged, or placed materials, equipment and tools which may become falling objects or hazards: the Networks Department should develop a written Standard Operating Procedure (SOP) for housekeeping and safely storing and securing all materials, equipment, and tools on Board vehicles. Management should consider installing shelf restraints or barriers on the side box storage areas of crew trucks. Heavy objects should be placed on lower shelves. Employees should be trained on proper storage procedures, and storage areas and shelves should be regularly inspected. The Networks Department should begin producing written documentation for all job trainings. It is recommended that Networks conducts a Job Hazard Assessment (JHA) and produce written documentation of inspections for safety hazards before and after work is completed. OSHA outlines requirements for secure storage of materials, emphasizing that storage must not create hazards and that aisles and passageways should remain clear and well-marked to ensure safety in the workplace. These preventive actions should be implemented immediately.	10/28/2026	Yes
Machine Shop	9/28/2026	Employee opened a cabinet when a bundle of felt mats fell out, causing the employee to stumble.	The Safety Department recommends moving the felt pads to a more suitable location which does not create an overhead hazard. Supervisors are responsible for making sure the pads are moved from on top of the cabinet to mitigate the overhead hazard and reduce the risk of injury. This recommendation should be implemented immediately.	10/19/2026	Yes

Safety

Safety Training

The Safety Department has conducted the following safety training since last month:

Habits and Safety

Safety Coordinators

Completed 35 job site visits and inspections.

Safety Hazard Issues

There were no safety hazards reported.

Safety Investigations

Three safety investigations were closed this month.

Accident Review Board

2007-2026

The Purpose and Mission of the Accident Review Board is to reduce the number of safety related incidents and injuries to Sewerage and Water Board equipment and staff. We strive to reduce incidents by recognizing areas that need improvement and create training opportunities to mitigate any future incidents.

Accident Review Board Data

The graph reflects the information collected in the Safety Unit, ARB folders with 10 or more accidents from 2007-2026 by Department Organization Codes. Please see the next page for ARB Classification Descriptions.

*2026 data still in review

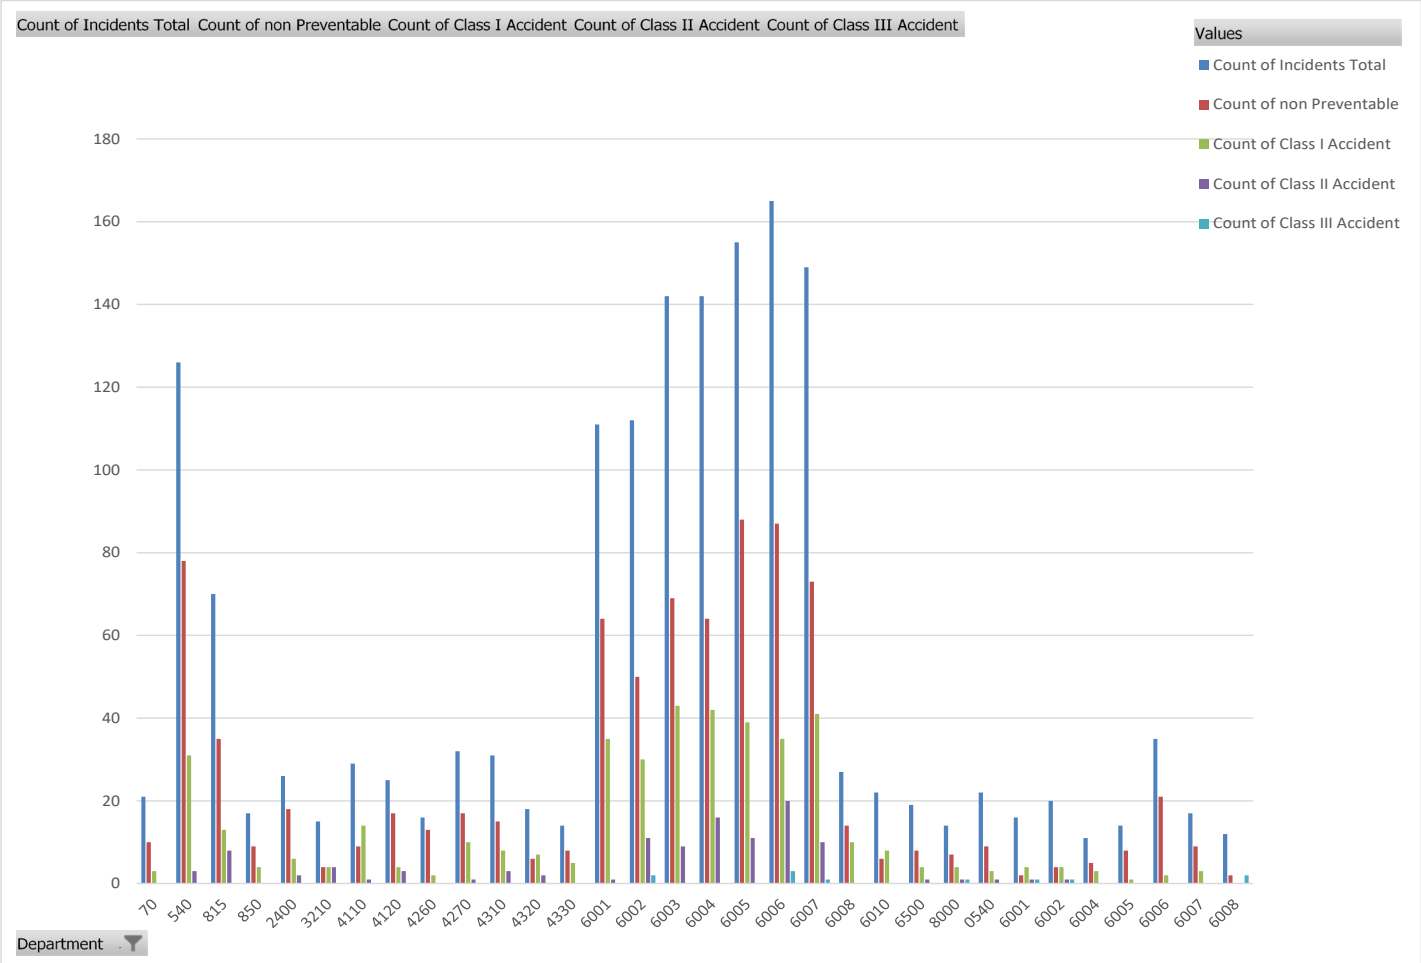

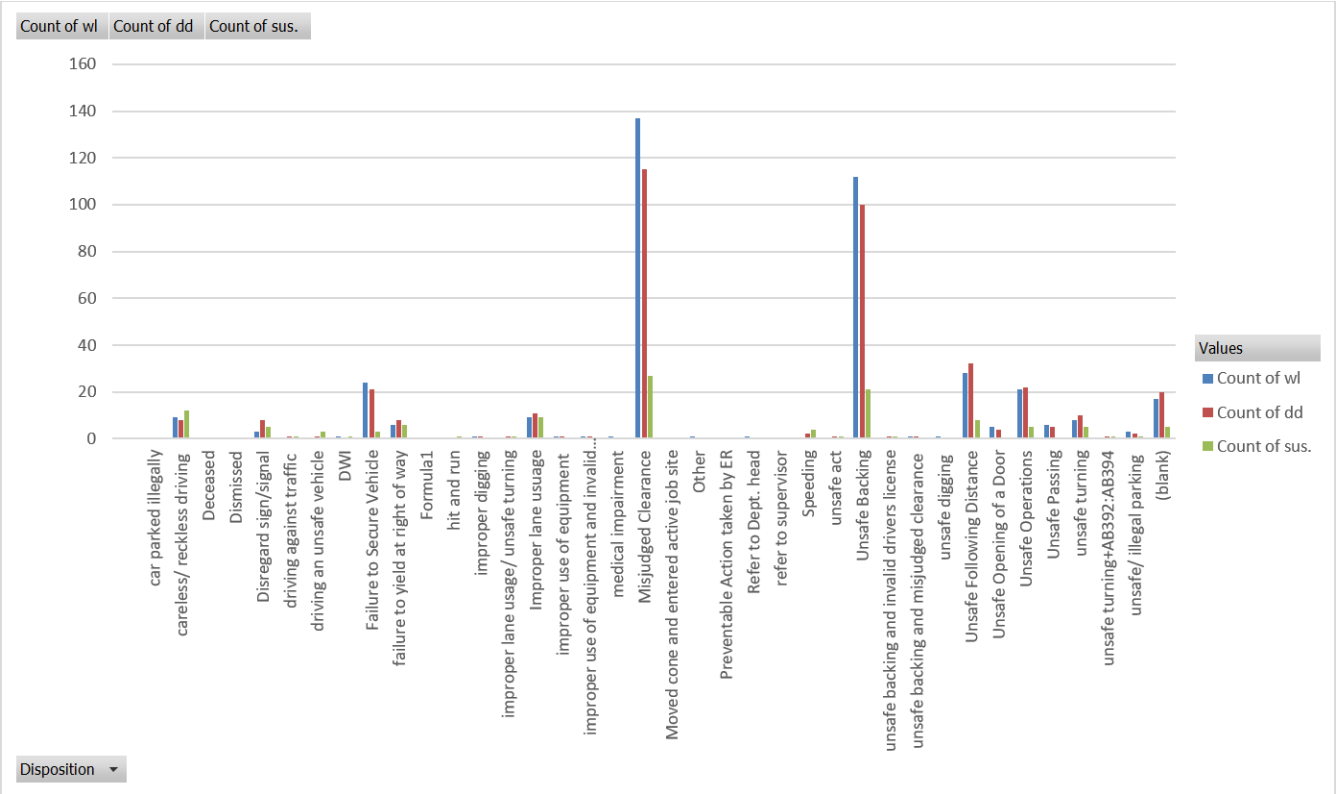

*Chart lists departments with 10 or more incidents.

Accident Review Board Data

ARB CLASSIFICATION DESCRIPTIONS

Offense Classifications

A preventable “Vehicle”, “Heavy Equipment” and “Non-Vehicular” accident falls into one of three classifications, Class I, II, or III, defined as follows:

- **Class I Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class I accident is considered by the ARB to be minor in nature. A Class I accident remains on an employee’s record for one (1) year.

- **Class II Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class II accident is considered by the ARB to be of serious consequence. A Class II accident remains on an employee’s record for two (2) years.

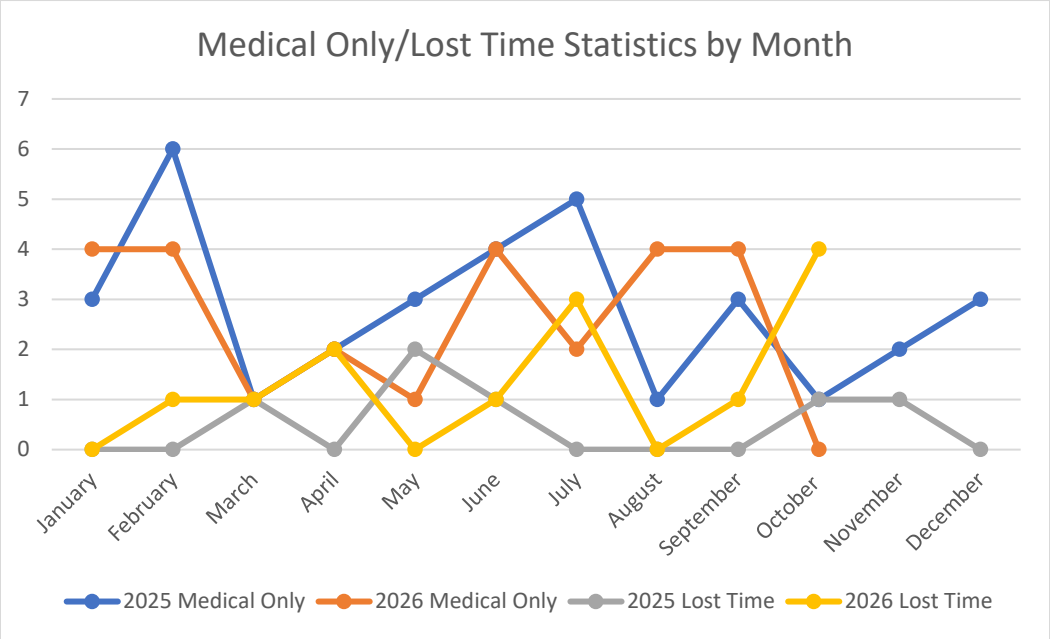

- **Class III Accident** is an accident in which the involved employee(s) has flagrantly disregarded traffic laws and safe driving or operational practices. Any accident in which there is the potential for loss of life, severe, and long-lasting debilitating injuries and/or extensive property damage is classified as a Class III accident. A Class III accident remains on an employee’s record for three years.

ARB HEARING OUTCOMES

October 2026 Accident Review Board Findings					
Type of Incident	**Number of Incidents**	**Assigned Defensive Driving**	**Issued Warning Letter**	**Recommended Suspension**	**Specific Training Assigned**
Non-Preventable	**3**	**0**	**0**	**0**	
Class 1:	**5**				
Misjudge Clearence	**1**	**1**	**1**	**0**	
Unsafe Operations	**3**	**3**	**3**	**0**	
Unsafe Turning	**1**	**1**	**1**	**0**

Careless/reckless driving	**1**	**0**	**1**	**1**	
Class III:	**0**				
Careless/reckless driving	**0**	**0**	**0**	**0**	
Careless/reckless driving	**0**	**0**	**0**	**0**	

These findings represent the outcomes of hearings held in this reporting period, and do not necessarily relate to incidents which occurred in the reporting period.

Workers' Compensation Monthly Claims Statistics

Medical Only: Of the 4 claims, 0 claims required medical treatment only and the employees returned to work within a week.

Lost Time: Of the 4 claims, 4 claims required medical treatment and paid wages, as the employees were unable to return to work within the week of the injury.

Goal: The Safety Department will evaluate claims in a timely manner that ensures proper Personal Protective Equipment (PPE) and safety training are made available to department managers to reduce accidents. The Workers' Compensation Office will evaluate claims in a timely manner that ensures prompt medical treatment so that employees are returned into the workforce as efficiently and medically stable as possible. This will aid in maintaining an active and healthy workforce.

Workers' Compensation Claims Tracking

Total Open Claims by Date*

Number of Open Claims (09-29-2026)	Number of Open Claims (11-04-2026)	Net Change
16	**15**	**-1**

Total Extended Open Claims by Date (Claims Open Longer than One Year)

Number of Extended Open Claims (10-01-2026)	Number of Extended Open Claims (10-31-2026)	Net Change
11	**11**	**0**

*Number of claims are captured on payroll dates and are based on total weekly and bi-weekly payroll indemnity recipients, and do not include medical-only claims.

January 4, 2016	August 11, 2026	$326,153.73	$41,568.37	$367,722.10	$125,000.00	**$242,722.10**

Total projected savings for claims settled since October 2021: **$8,486,365.23**

These claims include those that had open payroll indemnity benefits; settlement of medical-only claims is not included. Underlined dates represent settlements finalized in the current Safety Report's reporting period. *Although there was no statutory future indemnity exposure, indemnities were still being paid, and would have continued to be paid in the absence of settlement or termination of indemnities, which likely would have resulted in litigation and associated costs.

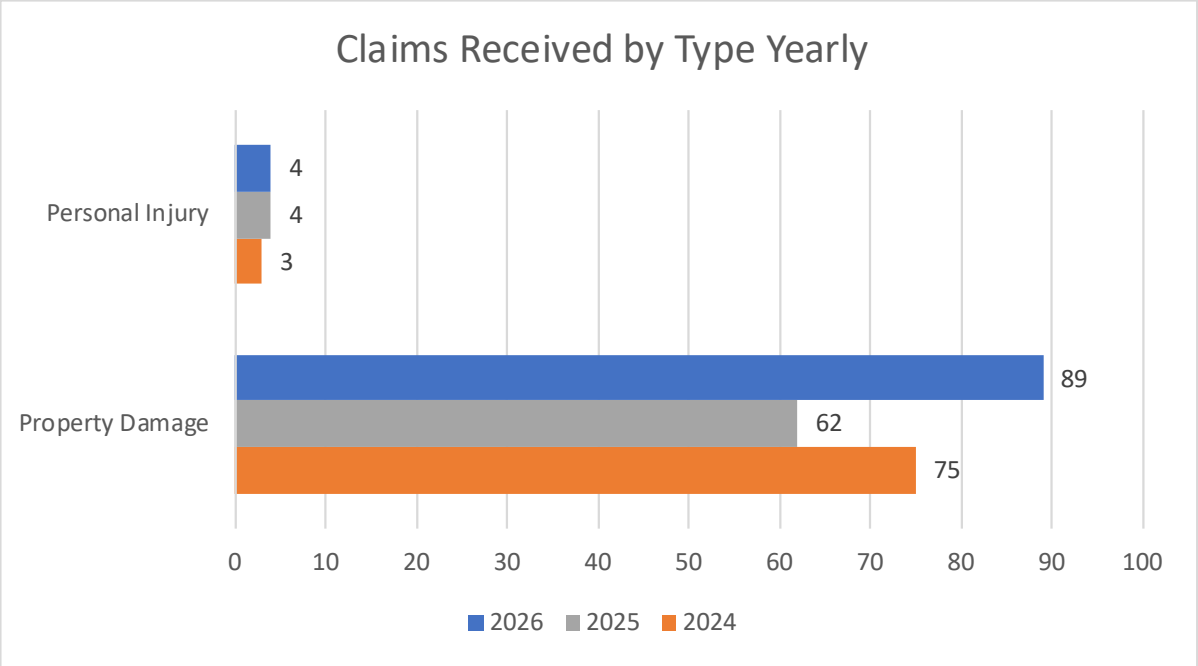

Claims Office

External Claims:

There has been report of **10** total claims since last month's report. These claims include property damage and personal injury external claims from members of the public and do not include employee claims. Compared to October 2025's total of 53 claims for the year, the claims increased by 40.

All Major Claims (claims with a demand in excess of $10,000.00 in damages) are listed below:

Property damage claims: $10,000.00, $27,000.00, $17,188.05, $74,759.09 Personal injury claims: None

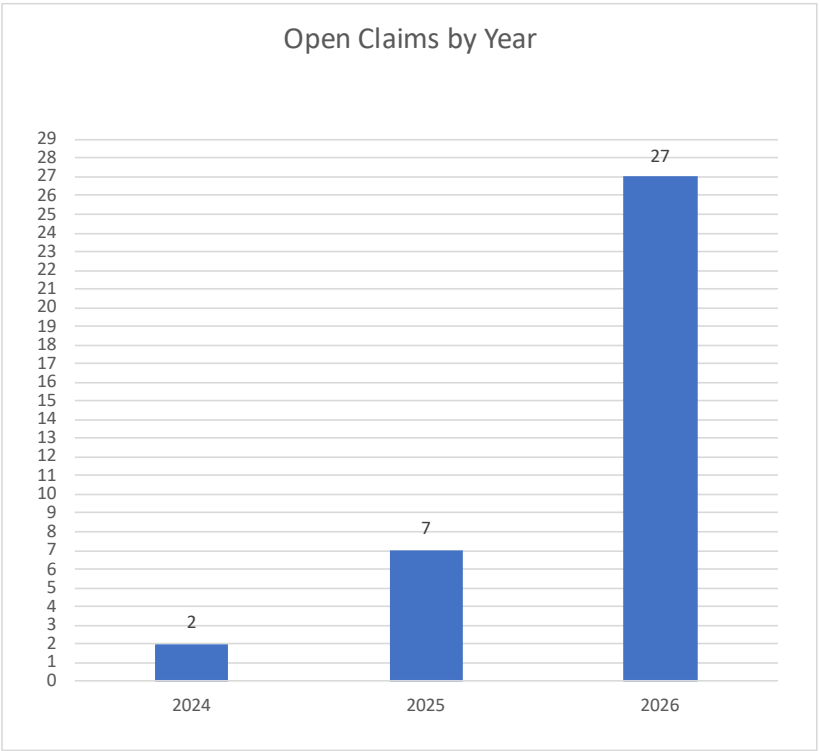

External Claims Received by Month: 2024-2026

HR BOARD REPORT

OCTOBER 2026

504-585-2023
hr@swbno.org
625 St. Joseph St.
NOLA 70165

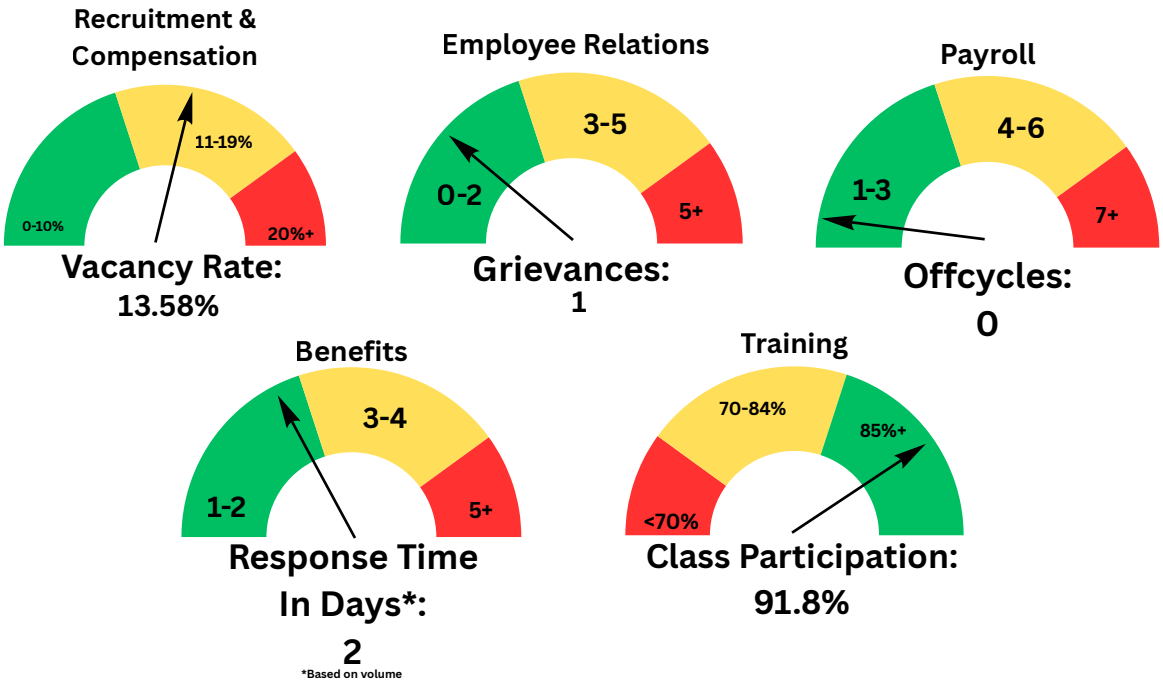

Executive Summary – October 2026 Dashboard

Overall performance for October 2026 reflected positive results across key Human Resources functions, including Recruitment & Compensation, Employee Relations, Benefits, Payroll and Training. Employee onboarding activities remained on target, with 29 new hires successfully processed and 100% of all required documentation finalized. Human Resource operations remain compliant and efficient, including the successful completion of no off-cycles payrolls during the month. Response times and training completion rates have also demonstrated continued improvement throughout the reporting period.

Key Performance Indicators (KPIs)

- Recruitment & Compensation – continue monitoring productivity and performance metrics while maintaining focus on onboarding efficiency and employee customer services.
- Employee Relations – Grievances rates continue to decrease.
- Benefits - Customer response time continues to improve, enhancing the overall employee experience.
- Payroll – Successfully completed no off-cycle payrolls while maintaining accurate payroll records and updates.
- Training – Completion rates continue to increase, demonstrating improved employee participation and compliance.

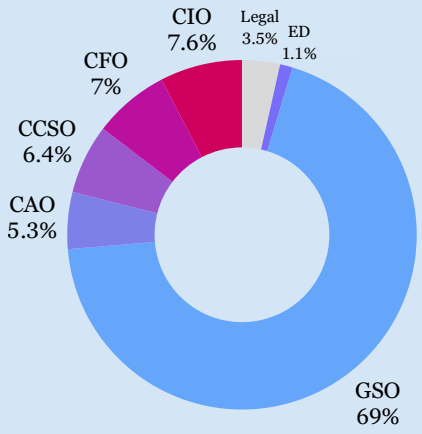

This summary provides leadership with a concise overview of performance, key accomplishments, and recommended actions based on the dashboard data. The department remains committed to operational excellence by delivering exceptional customer service, supporting employees, and continually improving Human Resources processes.

ANALYSES CONDUCTED BY EDBP

For the month of October 2026, there was one bid submission for Goods and Services related projects with DBE participation to review: **2026-SWB-35 FURNISHING RIVER SAND AND MASON SAND.** On October 15, 2026, four bids were received for review. Final determination pending additional user department review. EDBP analysis will be issued in a future departmental report.

For the month of October 2026, there was one Professional Services bid proposal with DBE participation reviewed: **2026-SWB-39 CUSTOMER INFORMATION SYSTEM SOFTWARE AND SERVICES.** At the October 29, 2026, scoring meeting, the evaluation committee determined that additional review was necessary. Therefore, EDBP analysis will be issued in a future department report.

For the month of October 2026, there were no Construction bid submissions with DBE participation to review.

CONSTRUCTION REVIEW COMMITTEE RECOMMENDATIONS

The Construction Review Committee (CRC) convened on Thursday, October 16, 2026, and made the following recommendations:

1) CONTRACT #1385 — AWP Effluent Update and Filter 9 & 13 Underdrains

Budget Amount:	$3,000,000.00
CRC Established Goal:	20%
Renewal Option(s):	None

2) CONTRACT #1468 — Claiborne Filter Gallery Effluent Controls Upgrade

Budget Amount:	$4,440,000.00
CRC Established Goal:	10%
Renewal Option(s):	None

3) CONTRACT #1470 — LSLR Material Verification Contract Group 1

Budget Amount:	$3,000,000.00
CRC Established Goal:	36%
Renewal Option(s):	None

4) CONTRACT #1471 — LSLR Material Verification Contract Group 2

Budget Amount:	$3,000,000.00
CRC Established Goal:	36%
Renewal Option(s):	None

5) CONTRACT #1472 Lead Service Line Replacement Contract 1

Budget Amount:	$34,300,000.00
CRC Established Goal:	36%
Renewal Option(s):	None

STAFF CONTRACT REVIEW COMMITTEE RECOMMENDATIONS

The Staff Contract Review Committee (SCRC) convened on Thursday, October 8, 2026 and October 30, 2026, and made the following recommendations:

OCTOBER 8, 2026

RFP/RFQ

1) REQUEST FOR FURNISHING OWNER ADVISOR SERVICES FOR WATER QUALITY MASTER PLAN PHASE I

Budget Amount:	TBD
Renewal Option(s):	Five (5) One – Year Renewals
Recommended DBE Goal:	35%

2) REQUEST FOR FURNISHING POND AERATION TECHNOLOY

Budget Amount:	$ 245,000
Renewal Option(s):	One (1) One – Year Renewals
Recommended DBE Goal:	0%
Justification:	Does not lend itself to subcontracting

OCTOBER 30, 2026

OPEN MARKET

3) REQUEST FOR FURNISHING FLUOUROSILIC ACID TO THE ALGIERS AND CARROLLTON WATER PLANTS

Budget Amount:	500,000
Initial Contract Term:	One Year
Renewal Option(s):	Four (4) One – Year Renewals
Recommended DBE Goal:	0%
