

Sewerage and Water Board of New Orleans

8800 S Claiborne Ave.
New Orleans, LA 70118

2024 Service Connection Fee Schedule

Fees for **standard** work items are shown below by size of main line and size of service connection. Additional fees are charged for **non-standard** work items.

Standard work items include new service connections and related infrastructure. Additional meters are charged at the base fee rate of the service connection size.

| | TAP SIZE | PERMIT FEE |
|-------|----------|------------|
| WATER | 1 | \$500 |
| | 1.5 | \$1,500 |
| | 2 | \$2,000 |
| | 4 | \$3,000 |
| | 6 | \$4,500 |
| | 8 | \$6,000 |
| | 10 | \$8,500 |
| | 12 | \$12,000 |

| | TAP SIZE | PERMIT FEE |
|-------|----------|------------|
| SEWER | 6 | \$700 |
| | 8 | \$4,900 |
| | 10 | \$5,000 |
| | 12 | \$7,000 |
| | 15 | \$10,000 |

Additional Meters (Branch offs) off a main service connection supplying a 5/8"-1" meter will be charged at a rate of \$250.

Non-standard work items include the addition, extension, or upgrade of existing utilities that SWBNO assumes ownership following installation. Fees for non-standard work items will be determined by the Network Engineering Department based on the design plans provided with the permit application.
