BOARD OF DIRECTORS' MEETING

June 25, 2025

MEETING MINUTES

SEWERAGE AND WATER BOARD OF NEW ORLEANS

ROLL CALL

The Board of Directors for the Sewerage and Water Board of New Orleans (SWBNO) met on Wednesday, June 25, 2025, at 9:05 a.m. in the Executive Boardroom. Special Counsel, Ms. Yolanda Grinstead called the roll and confirmed the following members were present: Director Joseph Peychaud, Director Robin Barnes, Director Janet Howard, Director Chadrick Kennedy, Director Tyler Antrup, Director Maurice Sholas, Director Tamika Duplessis.

The following member(s) were absent: Hon, Mayor LaToya Cantrell, Hon. Freddie King III, Director H. Cole Davis

Staff present were Ron Spooner, Interim Executive Director; Jamie Parker, Interim Chief of Staff; Grey Lewis, Chief Financial Officer; Yolanda Grinstead, Special Counsel; Ceara Labat, Interim Chief of Communications; Brionne Lindsey, Board Relations; Giselle Smothers, Board Relations, Kaitlin Tymrak, Deputy GSO.

APPROVAL OF PREVIOUS MINUTES

Director Duplessis presented a motion to accept the minutes of the May 21, 2025, Board Meeting as amended. Director Peychaud moved for approval of the minutes. Director Barnes seconded. The motion carried.

COMMITTEE REPORTS

GOVERNANCE Committee

Director Chadrick Kennedy did not report on the summary and actions taken by the Governance Committee. The Governance Committee Report for the month of June was recommended for deferral.

- **Director Duplessis asked for a motion to defer the Governance report. Director Sholas moved to defer the Governance minutes as proposed. Director Peychaud seconded. The motion carried.**

PENSION Committee

Director Maurice Sholas reported on the summary and actions taken by the Pension Committee. The Pension Report for the month of June was presented and recommended for approval.

- **Director Duplessis asked for a motion to adopt the Pension report. Director Barnes moved to adopt the Pension minutes as proposed. Director Howard seconded. The motion carried.**

FINANCE & ADMINISTRATION Committee

Director Janet Howard did not report on the summary and actions taken by the Finance Committee. The Finance Committee Report for the month of June was recommended for deferral.

- **Director Duplessis asked for a motion to defer the Finance report. Director Antrup moved to defer the Finance minutes as proposed. Director Sholas seconded. The motion carried.**

OPERATIONS Committee

Director Janet Howard reported on the summary and actions taken by the Operations Committee. The Operations Report for the month of June was presented and recommended for approval.

- **Director Duplessis asked for a motion to adopt the Operations report. Director Antrup moved to adopt the Operations minutes as proposed. Director Barnes seconded. The motion carried.**

STRATEGY Committee

Director robin Barnes reported on the summary and actions taken by the Strategy Committee. The Strategy Report for the month of June was presented and recommended for approval.

- **Director Duplessis asked for a motion to adopt the Strategy report. Director Howard moved to adopt the Strategy minutes as proposed. Director Sholas seconded. The motion carried.**

REPORT OF THE EXECUTIVE DIRECTOR

Mr. Ron Spooner, P.E., Interim Executive Director presented a slide presentation that focused on the following topics:

POWER COMPLEX

- The Power Complex will transition from FFC to the grid this month
- The Legislative session approved additional funding
- DOE grant is currently in review status

Power Complex

- ❖ SFC 1 – Mid July Reliability Test
 - Load Testing
 - 30-day operational test period
 - SWBNO personnel operation with contractor supervision to turnover
 - T4 will be decommissioned by Dec 2025
- ❖ SFC 2 and 3 – August/September
- ❖ CTG 7 – September
- ❖ Additional Funding
 - Formal application submitted for \$34M DOE grant
 - \$8M in Capital Outlay secured in 2025 legislative session

INFRASTRUCTURE MAINTENANCE FUND STATUS

- The Department of Public Works will soon be integrated with the Sewerage and Water Board

Infrastructure Maintenance Fund Status

- Total Revenues inception to date: **\$82,481,451** (through March)
- Total Expenditures inception to date: **\$52,884,940**
- Allocated to IMF Projects (awarded or designed contracts): **\$73.9M**

Recent expenditures:

- Smart Metering Installation - **\$16.7m FY25 Q1 & Q2**
- Power Complex - **\$1.9M in Q2**

Month	IMF Revenue – 75% and 25% (Minor Drainage)
Jan 2025	\$1.8M / \$626K
Feb 2025	\$402K / \$134K
March 2025	\$2.7M / \$914K
April 2025	\$3.0M / \$1M

ONLINE ACCOUNT CUSTOMER ENGAGEMENT

- 79.5k+ Registered Online Accounts
- 65k unique profiles. 66% of AMI accounts/55% total accounts. 97% of pre-transition count of 81k.
- 2,800+ Logins per day (avg). | 35k+ Bill Views per month. (1,200/day)
- 7k+ Alert Notifications sent per month.
Includes Leak Alerts, Usage Alerts, and Bill Forecasts via email and text (based on customer opt-in preference).
- 9,000+ **Leak Alerts** sent per month (3,334k unique accounts).
- 23k+ **Auto Pay** (82% of pre-transition of 27,955, 16% total accounts).
- 51.4k+ **Paperless** (In-line with pre-transition of 51,417, 35% total accounts).

PARTNERSHIP WITH ISeeChange

Partnership with ISeeChange

- Changing the way customers report drainage issues with ISeeChange, an AI-powered data platform.
- Encourages reporting drainage and flooding issues in real-time and has a communication component to directly respond to customers.
- Launched on May 20

Report catch basins & flooding

STORMWATER FEE UPDATE

- Shared a status update on stormwater fee development with the Strategy Committee on June 18
- Increased public interest following the presentation, responding to inquiries and informational requests.
- Looking forward to permanent executive director joining in late July, bringing knowledge and expertise in this area.
- Continuing to develop and refine fee structure through Q3 2024, which will include hearing from SWBNO Board, City and State officials, business groups, and green infrastructure and other community organizations
- Finalize fee structure and bring final recommendation to approving authorities (SWBNO Board of Directors; Board of Liquidation, City Debt; and City Council)
- Begin an extensive public outreach, engagement, and education effort for ballot initiative

CORRESPONDING RESOLUTIONS

The following resolutions were discussed at the June 18, 2025, Finance and Administration Meeting:

Corresponding Resolutions:

- Resolution (R-091-2025) Authorizing Application to the Louisiana Department of Health
- Resolution (R-094-2025) Authorization for Amendment #1 of The Professional Services Agreement Between the Sewerage and Water Board of New Orleans and Application Software Technology, LLC

- Resolution (R-100-2025) Authorization of Amendment No. 2 for Professional Services for an Update to Drainage System Funding and Feasibility Analysis between Sewerage and Water Board of New Orleans and Raftelis Financial Consultants, Inc.

General Superintendent Recommendations

Contract Awards/Renewal

- Resolution (R-073-2025) Renewal of Contract 8164 for Skilled and Unskilled Labor for Maintenance between The Sewerage and Water Board of New Orleans and JEI Solutions, Inc.
- Resolution (R-074-2025) Award of Contract 2025-SWB-16 Furnishing Liquid Sodium Hypochlorite to the Algiers and Carrollton Water Plants between The Sewerage and Water Board of New Orleans and DPC Enterprises, L.P.
- Resolution (R-081-2025) Award of Contract 30267 for Restoration of Gravity Flow Sanitary Sewers by Excavation and Replacement from Manhole to Manhole, CIPP Lining from Manhole to Manhole, CIPP Lining of Service Laterals and Point Repairs at Various Sites Throughout the City of New Orleans between The Sewerage and Water Board of New Orleans and Wallace C. Drennan.
- Resolution (R-087-2025) Award of Contract No. 2025-SWB-25 – Furnishing Fire Hydrants Between the Sewerage and Water Board of New Orleans and Cismco, Inc.

Contract Amendments

- Resolution (R-084-2025) Authorization of Amendment No. 8 for Professional Services for Sewer System Evaluation and Rehabilitation Program Management (SSERP) between Sewerage and Water Board of New Orleans and Stantec Consulting Services Inc.
- Resolution (R-089-2025) Authorization of Amendment No. 6 for Capital Projects Management Services for Wastewater Treatment Plant Projects between Sewerage and Water Board of New Orleans and Veolia Water North America, LLC.

Contract Change Order by Ratification

- Resolution (R-082-2025) Ratification of Change Order No. 2 for Contract 30249 – Carrollton Basin No. 8 Sewer Rehabilitation between The Sewerage and Water Board of New Orleans and Impetus Infrastructure, LLC.
- Resolution (R-085-2025) Ratification of Change Order No. 2 for Contract 30258 – Carrollton Basin Sewer No. 17 Rehabilitation between The Sewerage and Water Board of New Orleans and Wallace C. Drennan.

- Resolution (R-086-2025) Ratification of Change Order No. 3 for Contract 30260 – Carrollton Basin No.19 Sewer Rehabilitation between The Sewerage and Water Board of New Orleans and Hard Rock Construction, LLC.
- Resolution (R-088-2025) Ratification of Change Order No. 8 for Contract No. 1376 – Water Hammer Mitigation Program, High Lift Pump Room and Panola Pump Station between The Sewerage and Water Board of New Orleans and MR Pittman Group, LLC.

Miscellaneous

Director Robin Barnes

Members Absent

Director H. Davis Cole

Presentation Item

Jamie Parker, Interim Chief of Staff, provided a Final Overview on the 2025 Regular Legislative session. Sewerage and Water Board of New Orleans (SWBNO) priority this year was securing capital outlay funding to support Power Complex projects. Ms. Parker announced SWBNO secured \$8 million in capital outlay, with \$3 million from Priority 1 and a \$5 million cash allocation.

Ms. Parker addressed several bills that were specific to SWBNO. None progressed beyond the committee phase, resulting in no changes for the utility.

Ms. Parker also addressed other utility-related legislations that does not pertain specifically to SWBNO but could assist the utility in collections for nonpayment of utility bills and deterring theft of utility property. Notably, Senate Bill 99 passed and removed SWBNO's ability to use traffic camera revenue for stormwater purposes. However, Senate Bill 220, which also passed, reinstated this provision. Staff noted they will continue to monitor this revenue stream as it is an important component of funding for the minor drainage system.

- The governance committee engaged in robust discussion on various topics, including managing bills, collaborating with the utility's lobbyist and ways to improve processes and procedures.

EXECUTIVE SESSION

- **Director Kennedy presented a motion to enter executive session. Director Barnes moved. Director Howard seconded. The motion carried.**

Council Member Freddie King, III

PRESENTATION ITEM

Mr. Mitchell Bilbe of Rudd & Wisdom, Inc., provided an update on the Plan's Actuarial Valuation Report as of January 1, 2025, as well as Actuary Training content on the Pension Plan. The training covered the basic benefit formula for a pension, responsibilities for members of the pension committee and Board of Trustees, and the role of the plan Actuary.

The Rudd & Wisdom Actuarial Funding Valuation as of January 1, 2025, was presented and conforms to the Funding Policy established by the Plan. The 2025 employee contribution funding remains at 6% of compensation, while the employer funding is projected to be 18.288% of compensation or \$11.74 million which is slightly lower than employer funding in 2024. The report incorporates the latest assumption updates, participant data updates, and utilizes actuarial methods to estimate the funding of the pension liability, which is currently at 71% funded status. There was discussion about continuing to progress in funding above 80+% in the coming years which is projected following the current Funding Policy and efforts to have fully funded pension plan.

Members inquired about items such as plan reciprocity with the City Plan and other pension plans in the state which are designed to allow employees to transfer benefits and assets into the pension plan and receive appropriate credit. Additional discussion items surrounding a cost-of-living adjustment (COLA) study, which is underway by the Actuary, and other potential impacts on plan liabilities under alternate benefit scenarios is planned for the next meeting with the plan Actuary.

Present:

Director Janet Howard
Director Joseph Peychaud
Director Chadrick Kennedy
Director Robin Barnes

CASH FLOW OVERVIEW

Grey Lewis, Chief Financial Officer, presented an update on the April 2025 Preliminary financial results and liquidity position, as it is critical that SWBNO maintain sufficient cash flow levels to continue operations and meet bond covenant requirements.

April 2025 operating revenues were \$23.5m, which was above budget by \$1.2m, while YTD operating revenues are \$80.6m, which is below budget by about 10%. Preliminary May operating revenues also are below the monthly budgeted amount.

There was continued discussion on the role of HGI as the 3rd party firm appointed by City Council in September 2024. SWBNO management has requested periodic meetings between the utility, Council Utilities Regulatory Office (CURO) and HGI. The total amount of HGI credits was about \$1m monthly for April and May and the volume of customer high bill issues are generally lower relative to the first six months of HGI (September – February).

The Revenue/Billing team, led by Chief of Customer Service – Susannah Kirby, has begun to monitor bill processing volumes for each of the 20 billing cycles that include both smart meter bills and mechanical meter bills. The goal is to normalize the volume of billing and work towards consistency in the monthly stream of revenue. The Smart Meter project is expected to reach substantial completion by August 2025 and has led to a restructuring of the billing department. Bills processed in April and May were 162,698 and 150,418, respectively. SWBNO was able to capture consumption data for nearly all meters, except for about 4% in each month due to lack of meter access.

SWBNO has introduced a 3-month penalty waiver program for customers enrolling a past due balance in a new Promise Pay flexible installment plan. The program will run from June 1 to

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

August 31, which is aligned with similar programs the City of New Orleans is offering residents with other past due balances. SWBNO customers not on a Promise Pay payment plan can enroll and receive a waiver of all unpaid penalties by going through the website, smart phone app or calling Promise Pay and starting a payment plan. During the first 2 weeks of June, 1,441 customers set up payment plans and 172 of those paid in full.

Water and Sewer monthly Cash collections were below target in May (\$20.2m) and April (\$21.7m) with a monthly target of \$21.9m established from FY25 Budgeted revenues and estimated provision for uncollectible accounts.

Drainage taxes received through April were \$48.5m, which is above budget by \$14.3m. Most tax collections occur in the 3 months following the City's due date, which was February 28.

April Operating expenses were \$33m, which was below budget by \$1.1m. YTD Operating expenses through April were also below budget by \$35m with continued discussion of conservatively set operating expenses due to estimates for non-cash charges and targeted efforts to remain conservative with spending needs given the risk of unanticipated events. There was continued discussion on examining reduced spending capacity due to operating revenues being below budget.

The FY24 annual audit is close to completion with the Debt Service Coverage (DSC) amounts provided for Water and Sewer at 2.48 and 2.84, respectively. Debt Service Coverage for both systems is above the mandatory 1.25X coverage. Furthermore, on required financial covenants, the Days Cash on hand at the end of April was 182 and 192 for Water and Sewer respectively, which is above the minimum of 90 days stated in the General Bond Covenants. All covenants are submitted annually with the year-end audited amounts.

An update on Minor drainage revenue was provided given the January 1, 2025, transfer that occurred. Originally \$18.9m was expected through a combination of one-time resources, new traffic camera revenue from the City, Infrastructure Maintenance Fund Fair Share revenues formerly allocated to the Department of Public Works (25% of total monthly revenue), and a special \$5m allocation. Through June 2025, the updated estimates are lower by approximately \$5m primarily related to a question from the City about the funding source of the special \$5m allocation. There was discussion about an upcoming meeting between SWBNO management and the City CAO and Finance team to work through the matter.

Also, the traffic camera revenues have not been provided to SWBNO due to additional steps by the City, including a Budget Ordinance to transfer the Minor Drainage funding. This open matter will also be discussed between management and the City. There was discussion of the direct

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

impact to the level of services for Minor Drainage that will be provided if funding is not received by SWBNO.

July 9, 2025

The Finance and Administration Committee met on Wednesday, July 9, 2025, in the Executive Boardroom. The meeting convened at approximately 9:00 a.m.

Present:

Director Janet Howard
Director Joseph Peychaud
Director Chadrick Kennedy

Absent:

Director Robin Barnes

CASH FLOW OVERVIEW

Grey Lewis, Chief Financial Officer, presented the May 2025 Preliminary financial results and liquidity position. He reported that the 2nd quarter financial results were trending better than the 1st quarter from both higher billed revenues and cash collections. The improvement is attributable to the expected higher data accuracy and consistency of billing cycles provided by Smart metering which as of June have reached over 80% of customers. Staff had completed the annual audit by the state deadline of June 30 and continue to focus primarily on the ongoing efforts to normalize the transformation of utility billing processes now that the Smart metering program is nearing substantial completion for residential customers. While collections have improved relative to Q1, May YTD revenues are below budget by 8% attributed to lower billed volumes and additional credits provided.

The committee expressed concern about Drainage Taxes, which as of May amounted to only 69% of the annual budgeted amount even though such taxes were due early in the year. Mr. Lewis indicated that he would provide additional information on the timing issue.

May YTD Operating Expenses were lower than budget by \$40m or 23%. However, departmental review of encumbrances indicate additional spending is forecasted and timing of invoice processing appears to be factor particularly in the direct expenses of Sewerage Treatment costs, Pumping & Power and Distribution costs. Management will continue to review trends and reassess for any areas of Cash O&M expenses which may be available to meet other needs particular in the Capital Improvement Program. Estimated non-cash expenses are lower than budgeted estimates which were developed from prior year audited information.

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

The 2024 audited Debt Service Coverage ratios (1.25X minimum required) for Water and Sewer were 2.51 and 2.87, respectively. Audited Days Cash on Hand (90 days minimum required) were 184 and 265 for Water and Sewer funds, respectively.

There was discussion on Promise Pay payment plans for customers who are behind on bills. A campaign was launched in June to waive unpaid late fees if a customer enters into a payment plan. In the first month of the campaign, 2,497 new plans were initiated with 348 of those customers paying their debt in full. As of May 2025, 60% of approximately 25,000 customers with past due balances have enrolled in a Promise Pay payment plan. Further, since last month, past due receivables have decreased 4% or \$2.4m.

PRESENTATION ITEM

Chris Bergeron, Chief of Engineering, presented a slideshow outlining the process for contract changes. Such changes fall into three categories: Change Orders, Contract Amendments and Contract Renewals. Mr. Bergeron explained that, as required by the procurement laws, the Sewerage and Water Board awards professional services contracts based on qualifications and public works contracts based on the lowest responsible bid. In the case of design projects, it is not unusual to begin with a limited feasibility study and, if the project is feasible, to expand the scope of the contract to include design and design-related services.

Change orders can result from one of a number of factors, including errors in the scope, problems arising from the need to coordinate with the Department of Public Works, and unforeseen conditions, particularly in projects involving underground infrastructure.

Before change requests reach the board, they have been gone through a multi-step process that involves multiple departments. The Chief of Engineering, General Superintendent, and Interim Executive Director each discussed the various factors that are evaluated. Board members requested that the board packet include additional information on change orders.

ACTION ITEM

Resolution (R-120-2025) to declare August 29th Holiday (Hurricane Katrina Remembrance).

SWBNO, in following the lead of the City of New Orleans, proposed to declare August 29, 2025, as a holiday in observance and remembrance of the 20th anniversary of Hurricane Katrina. Approximately 300 employees stayed behind during the hurricane, working tirelessly to remove floodwaters from the city. Many of them are still part of the utility today. In addition to the holiday, SWBNO is in the process of organizing a commemorative event to recognize these employees and their efforts during the storm.

- **Director Sholas moved to declare August 29 as a SWBNO holiday in commemoration of the 20th anniversary of Hurricane Katrina. Director Duplessis seconded. The motion carried.**

PRESENTATION ITEMS

A. *Systems Modernization Update* – Darrell Eilts, Chief Information Officer and Cathy Smith, IT Director.

Mr. Eilts discussed the utility's efforts regarding technology modernization and optimization. In the coming years, the utility will replace several major systems, including its financial, human resources, asset management, and customer billing systems. This modernization will also include cloud-based middleware for enhanced integration. Mr. Eilts noted that implementing each new system will require training for current employees, which will be a priority for the utility. SWBNO is also seeking to select

625 St. Joseph Street
New Orleans, LA 70165
504.529.2837 or 52.WATER

industry-best systems that will be more user-friendly for both staff and customers, enhance customer service, improve operational efficiency, and strengthen cybersecurity and compliance.

Ms. Smith presented a timeline outlining the expected completion of major project milestones from the request for proposal phase through implementation.

B. Smart Metering Update: Changing the Way We Do Business – Rebecca Johnsey, Deputy General Superintendent.

Ms. Johnsey introduced her team, Anthony JeanMarie, Jason Sharper, and Sara Sharp, who delivered presentations on the status of smart meter installations and the benefits of this technology.

Mr. JeanMarie, Utility Customer Service Manager, shared how smart metering state-of-the-art technology changes how we do business, resulting in positive impacts to operations, customer service, and our community.

- 120k+ smart meters have been installed.
- 2900+ smart meters with pressure and temperature monitors installed.

Mr. Sharper, Operations Team, gave an overview on how smart meters impact daily operations. Smart meter technology has reduced truck rolls and manual meter reading, as well as provided more timely and accurate meter readings. It has also enabled the diagnosis of field issues from a computer and enhanced the utility's ability to identify potential leaks on the customer's side of the meter and notify a customer of the issue.

Ms. Sharp, Communications and Customer Engagement, shared how the program impacts the community. She mentioned that the software is reliable, industry-proven technology, helps build trust with better data, provides accurate information, and enables timely communications. It also allows for targeted communications to help keep the community informed.

The Smart Meter team shared a video presentation that informs customers how to check for potential leaks. When asked how the smart meter program would impact jobs for meter readers, SWBNO leadership confirmed that no one will lose their job as a result of the new smart meter program. There will be opportunities for employees to be retrained or reallocated to other positions or departments.

ADJOURNMENT

Director Sholas moved to adjourn. Director Kennedy seconded. The motion carried. The meeting was adjourned at approximately 11:11 a.m.

**AUTHORIZATION FOR AMENDMENT NO. 6 TO THE MAINTENANCE AND
SUPPORT AGREEMENT BETWEEN THE SEWERAGE AND WATER BOARD OF
NEW ORLEANS AND COGSDALE CORPORATION**

WHEREAS, the Sewerage and Water Board of New Orleans (“Board”) and Cogsdale Corporation (“Consultant”) are parties to a Support and Maintenance Agreement dated July 29, 2014 (the "Original Agreement") for Contractor to provide support and maintenance services related to specific software licensed to the Board by Consultant, and

WHEREAS, the Original Agreement was entered into as the result of a Request for Proposals (“RFP”) issued by the Board for a Customer Information Systems Solution (“CIS” or “CIS Solution”) that resulted in three (3) separate agreements each dealing with a separate aspect of the CIS Solution – a Software License Agreement, a Software Implementation Services Agreement, and the Original Agreement; and

WHEREAS, all three agreements were amended in April 2017 as documented in Amendment No. 1 to reflect and incorporate the addition and enhancement of licensing, implementation, and support and maintenance services relating to the HR & Payroll System (“HRP Solution”) selected under an Invitation to Bid for upgrading the preexisting HR and Payroll Systems of the Board; and

WHEREAS, on July 14, 2021, the Board of Directors of the Board approved Resolution R-092-2021 authorizing the execution of Amendment No. 2 to provide for additional professional assistance with year-end system upgrades for Cogsdale CSM, Great Plains Dynamics Platform (GP) HRP Solution, and other third-party software upgrades, development, troubleshooting, staff training, and professional services for a number of planned projects: and

WHEREAS, the term of Amendment No. 2 was for one year (August 5, 2021 through August 4, 2022), with two one-year renewals at an annual cost not to exceed \$315,000; and

WHEREAS, at its meeting on October 26, 2022, the Board approved the first of two one-year (August 5, 2022 through August 4, 2023) renewals at a cost not to exceed \$315,000; and

WHEREAS, at its meeting on June 21, 2023, the Board approved the final one-year (August 5, 2023 through August 4, 2024) renewal at a cost not to exceed \$315,000; and

WHEREAS, at its meeting on June 26, 2024, the Board approved the initial one-year term (August 5, 2024 through August 4, 2025) with two (2) possible one-year renewals at a cost not to exceed \$562,500 per year; and

WHEREAS, the Board now desires to enter into Amendment No. 6 with Cogsdale to exercise the first of two possible one-year renewals at a cost not to exceed \$562,500 (Five Hundred Sixty-Two Thousand Five Hundred Dollars and no cents per year, based on two thousand five hundred (2,500) hours at two hundred and twenty-five (\$200.00) dollars per hour USD.

NOW THEREFORE BE IT RESOLVED, that the President or President Pro Tem of the Board be and is hereby authorized to execute Amendment No. 6 to the Maintenance and Support Agreement between the Board and Consultant for a renewal one year term for additional services to upgrade CSM, HRP, GP and other, third-party systems and programs, including software and integration development, troubleshooting, and correcting issues.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans, do hereby
certify that the above and foregoing is a true and a correct
copy of a Resolution adopted at the Regular Monthly
Meeting of said Board, duly called and held, according to
law, on
July 16, 2025.

**RATIFICATION OF CHANGE ORDER NO. 2 FOR CONTRACT 30229 –
CARROLLTON BASIN NO. 1 SEWER REHABILITATION BETWEEN THE
SEWERAGE AND WATER BOARD OF NEW ORLEANS AND BLD SERVICES,
LLC.**

WHEREAS, the Sewerage and Water Board of New Orleans advertised on November 3, 2023, according to public bid law, a Request for Bids for Contract 30229 – Carrollton Basin No. 1 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30229 were received on November 30, 2023; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to BLD Services, LLC in the amount of \$9,951,760.00 per R-142-2023; and,

WHEREAS, Change Order No. 1 adds WIFIA clauses that pertains American Iron and Steel, and Labor Laws and Standards that are required for receiving funding; and

WHEREAS, Change Order No. 2 adds one new bid item to allow for the determination of water connection material behind the meter up to the private right of way as a part of the new lead line replacement program, and adjusts existing bid items to complete the scope of work; and

WHEREAS, Change Order No. 2 adds 113 days due to delays from added repairs, several water leaks that have prevented lining efforts on this contract that has impacted progress, a line segment that was up scoped to pipe bursting due to tree and utility conflicts, and work stoppage during the snow week ending January 24th, 2025.

WHEREAS, Change Order No. 2, in the amount of \$88,501.00 brings the accumulated Contract change order total to \$88,501.00 or 0.89% percent of the original Contract, bringing the new total contract value to \$10,040,261.00, and new substantial completion date of June 4, 2025; and,

NOW, THEREFORE, BE IT RESOLVED, the ratification of Change Order No. 2 for Contract 30229 is hereby approved by the Sewerage and Water Board of New Orleans.

I, M. Ron Spooner, P.E., Interim Executive Director,

Change Order No. 2

30229 - Carrollton Basin No. 1 Sewer Rehabilitation

Approval to execute a change order between the Sewerage and Water Board and BLD Services, LLC. In the amount of \$88,501.00

CONTRACTOR/SUB/VENDOR INFORMATION

		DBE PARTICIPATION GOAL: 36%	
PRIME	SUBS	BID	ACTUAL (as of 06/12/25)
BLD Services, LLC	C&M Construcion Group, LLC	21.86%	12.18%
	Cooper Contracting Group, LLC	6.33%	17.95%
	Prince Dump Truck Service, LLC	4.37%	2.03%
	Choice Supply Solutions, LLC	3.47%	1.70%
Total		36.03%	33.86%

Economically Disadvantaged Business Program Comments

Prime Contractor asserts that DBE participation is backloaded near end of project is tasks such as restoration. Expect to meet or exceed 36% DBE participation goal.

DESCRIPTION AND PURPOSE

	Change Orders	Renewal	Totals
Original Contract Value			\$9,951,760.00
Previous Change Orders	\$0.00		\$0.00
% Change of Contract To Date	0.00%		0.00%
Value of Requested Change	\$88,501.00		\$88,501.00
% For This Change Order	0.89%		0.89%
Has a NTP been Issued	Yes		Yes
Total Contract Value			\$10,040,261.00
% Total Change of Contract			0.89%
Original Contract Completion Date			2/11/2025
Previously Approved Extensions (Days)			0
Time Extension Requested (Days)			113
Proposed Contract Completion Date			6/4/2025

Purpose and Scope of the Contract:

Contract 30229, as a part of the Carrollton Consent Decree from the EPA, consists of the rehabilitation of existing main line sanitary sewers via mainline cleaning and CCTV inspections, excavated point repairs, full length main line replacements, house connection service lateral replacements, full-length Cured-in-Place Pipe (CIPP) lining, service lateral Cured-in-Place Pipe (CIPP) lining and manhole rehabilitation. Work also includes associated interim and final pavement restoration.

Reason for Change:

In Scope	Differing Site Condition	Regulatory Requirement
Design Change	Other _____	

This Change Order adds One Hundred and Thirteen (113) days to this contract. Through the pre-evaluation CCTV effort, this contract has added ~51 repairs to this contract with several segments still requiring CCTV (unable to access the line due to USMH/DSMH pipe collapse). In addition, several water leaks have prevented BLD from completing lining efforts on this contract that has impacted progress. Recently a line segment was up scoped to pipe bursting due to tree and utility conflicts and this will incur additional delays as the line segment called for CIPP in the original scope. BLD also requests 5 additional days for delays in work due to snow the week ending January 24th, 2025. Also, this Change adjusts existing quantities and adds 1 New Bid Item X01 - Lead Service Line Investigation.

Spending to Date:

Cumulative Contract Amount (as of 6/1/2025)	\$9,951,760.00
Cumulative Contract Spending (as of 6/1/2025)	\$5,537,226.40

Contractor's Past Performance:

BLD has an excellent work record for the Board.

Time Extension Requested (Days)			105
Proposed Contract Completion Date			7/8/2025

Purpose and Scope of the Contract:

Contract 30230, as a part of the Carrollton Consent Decree from the EPA, consists of the rehabilitation of existing main line sanitary sewers via mainline cleaning and CCTV inspections, excavated point repairs, full length main line replacements, house connection service lateral replacements, full-length Cured-in-Place Pipe (CIPP) lining, service lateral Cured-in-Place Pipe (CIPP) lining and manhole rehabilitation. Work also includes associated interim and final pavement restoration.

Reason for Change:

In Scope	Differing Site Condition	Regulatory Requirement
Design Change	Other _____	

This Change Order will add a Pay item for New Manholes to this contract. In order to Rehabilitate the Sewer line on 1000 Pine St. two additional Manholes need to be installed to reroute around a 20" water valve box protruding into the sewer line. This Change Order also adds water line investigations to determine the material of water connections. This Change Order will also add 105 days due to ongoing water leaks, permit delays, added sewer scope, and added scope of lead line replacements. Finally, this Change Order adds five (5) New Bid Items. X03 - Sewer Point Repair Up To 12 Feet (18" At 10.1' - 12.0'); X04 - Air Spading; X05 - Root Pruning; X06 - Water Main Circle Clamp (20"); X07 - Exploratory Excavation.

Spending to Date:

Cumulative Contract Amount (as of 6/1/2025)	\$8,589,736.00
Cumulative Contract Spending (as of 6/1/2025)	\$4,297,792.18

Contractor's Past Performance:

BLD has an excellent work record for the Board.

RATIFICATION OF CHANGE ORDER NO. 2 FOR CONTRACT 30232 – CARROLLTON BASIN NO. 3 SEWER REHABILITATION BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND BLD SERVICES, LLC.

WHEREAS, the Sewerage and Water Board of New Orleans advertised on November 10, 2023, according to public bid law, a Request for Bids for Contract 30232 – Carrollton Basin No. 3 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30232 were received on November 30, 2023; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to BLD Services, LLC in the amount of \$8,254,058.00 per R-013-2024; and,

WHEREAS, Change Order No. 1 adds WIFIA clauses that pertains American Iron and Steel, and Labor Laws and Standards that are required for receiving funding, and represents FCO 1 - adds items to repairs complete 6" sewer house connections; and,

WHEREAS, Change Order No. 2 adds new items X05 - Point Repair 10" Up To 12'(8.1'-10.0'), X06 - Point Repair 10" Beyond 12'(8.1'-10.0'), X07 - Pipe Liner (CIPP, 10"), X08 – Replace Broken Meter Box, X09 - Allow for the removal and replacement of streetlights on Broadway that are directly over the sewer line, and X10 - Lead Service Line Investigation to determine water connection material type behind the meter up to the property line; and

WHEREAS, Change Order No. 2 adds 147 days to the Contract due to added repairs, impacts caused by other contractor's working in the area ranging from; conflicting efforts, shutting crews down in the area due to surcharge conditions, to not being able to post CCTV repairs/complete CIPP scheduled. In addition, this Change Order adds one week delay from Hurricane Francine as well as an additional week from the snowstorm, delays due to the elevated levels of the Mississippi River suspending work near the levee, and lead line investigations; and

WHEREAS, Change Order No. 2, in the amount of \$50,242.08 brings the accumulated Contract change order total to \$158,742.08 or 1.92% percent of the original Contract value, bringing the new total contract value to \$8,412,800.08, and new substantial completion date of July 15, 2025; and,

NOW THEREFORE BE IT RESOLVED, the ratification of Change Order No. 2 for Contract 30232 is hereby approved by the Sewerage and Water Board of New Orleans.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,
duly called and held, according to law, on

Purpose and Scope of the Contract:

Contract 30232, as a part of the Carrollton Consent Decree from the EPA, consists of the rehabilitation of existing main line sanitary sewers via mainline cleaning and CCTV inspections, excavated point repairs, full length main line replacements, house connection service lateral replacements, full-length Cured-in-Place Pipe (CIPP) lining, service lateral Cured-in-Place Pipe (CIPP) lining and manhole rehabilitation. Work also includes associated interim and final pavement restoration.

Reason for Change:

In Scope	Differing Site Condition	Regulatory Requirement
Design Change	Other _____	

This change order will add two new items to repair 10-inch sewer at 8.1'-10.0' deep, allow for the removal and replacement of streetlights on Broadway that are directly over the sewer line. Through the pre-evaluation CCTV effort, this contract has added ~48 repairs to this contract. In addition, BLD has been impacted/delayed by other contractor's working in the area. The impacts range from conflicting efforts, shutting crews down in the area due to surcharge conditions, to not being able to post CCTV repairs/complete CIPP scheduled. In addition to Sewer condition delays, BLD was also delayed one week from hurricane Francine as well as an additional week from the snowstorm. Due to the amount of added repairs and delays; BLD is requesting the addition of 98 days to this contract. These additional days will put substantial completion on 5/27/2025. Finally, this Change Order will add 1 New Bid Item, X10 - Lead Service Line Investigation, add 45 days due to the elevated levels of the Mississippi River suspending work near the levee, add 4 days for lead line investigations.

**RATIFICATION OF CHANGE ORDER NO. 3 FOR CONTRACT 30255 –
CARROLLTON BASIN NO. 14 SEWER REHABILITATION BETWEEN THE
SEWERAGE AND WATER BOARD OF NEW ORLEANS AND FLEMING
CONSTRUCTION COMPANY, LLC.**

WHEREAS, the Sewerage and Water Board of New Orleans advertised on September 15, 2023, according to public bid law, a Request for Bids for Contract 30255 – Carrollton Basin No. 14 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30255 were received on October 12, 2023; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to Fleming Construction Company, LLC in the amount of \$9,891,203.00 per R-114-2023; and,

WHEREAS, Change Order 1 represents Field Change Order 1 – Bypass pumping at SPS 3 to combat surcharge in the area, Field Change Order 2 – Increase item quantities to continue operating bypass pump at SPS 3, and add items to complete sewer repairs due to unforeseen conditions in the field, Field Change Order 3 – 10" and 12" CIPP Liner, 6" PVC cleanout, 8" sewer point repair up to 12ft depths (0-6ft), (8.1-10ft) and (10.1-12ft); and,

WHEREAS, Change Order 1 represents Field Change Order 4 – Request to 149 days to the Contract. Fleming was delayed in starting due to the change in pavement scope. DPW was supposed to begin their pavement contracts after the SWB SSERP contracts were completed. However, DPW had paused awarding contracts for construction, thus, the pavement restoration changed from interim to final. This caused Fleming to delay starting the work to receive instruction on how to proceed because of the major change in scope.

WHEREAS, this Change Order 2, represents Field Change Order 5 – Install Sewer (8" At 12.1' to 14.0'), X18- Bypass Pump Delivery, X19 – Existing Bypass Pump Pickup from FCO 1, X20 – New 8" Electric Bypass Primary Pump & New Backup 12" Silent Diesel Bypass Pump, X21– 8" Electric Bypass Primary Pump_200 AMP Service, X22 – Clearing & Grubbing. Field Change Order 6 - X23 – Install Sewer (15" At 12.1' to 14.0'), X24 - Lead Line Locate and Assessment due to directive to replace lead lines when found, and adjustment quantity of existing bid items 49 - Replace Lead House Connection, X02 - Bypass Pumping Monthly Operation, X17 - Install Sewer Main (8" At 12.1' - 14.0'), and Field Change Order 7 Adjust quantity of multiple bid items related to added scope for restoration and change from replacement to point repairs and lining for segments within 9000 Fig and 3000 Mistletoe,

Field Change Order 8 - Adjust quantity of multiple bid items related to restoration scope changes, additional required sewer work, additional lead line locates/assessments, and removal of lining for segment within 2400 Monroe. Add 2 new bid items for bypass pumping at SPS#3. X25 – 12” Electric Bypass Primary Pump & Backup 12” Silent Diesel Bypass Pump to replace pump package from FCO 5, X26 – 12” Electric Bypass Primary Pump_600 AMP Service; and,

WHEREAS, Change Order 3, represents adjustment of quantity of multiple bid items related to restoration scope changes caused by the changes from full line replacement to point repairs and lining, related sewer work, and water main repairs.

WHEREAS, Change Order 3 adds 50 days originally approved in Field Change 6; and,

WHEREAS, Change Order No. 3, in the amount of \$1,369,223.47 or 13.8% of the original Contract value, brings the accumulated Contract change order total to \$3,128,172.58 or 31.6% percent of the original Contract value and adds 50 days to the Contract bringing the new total contract value to \$13,019,375.58 with an end date of August 29, 2025; and,

NOW THEREFORE BE IT RESOLVED, the ratification of Change Order No. 3 for Contract 30255 is hereby approved by the Sewerage and Water Board of New Orleans.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted

RATIFICATION OF CHANGE ORDER NO. 3 FOR CONTRACT 30256 – CARROLLTON BASIN NO. 15 SEWER REHABILITATION BETWEEN THE SEWERAGE AND WATER BOARD AND HARD ROCK CONSTRUCTION, LLC.

WHEREAS, the Sewerage and Water Board of New Orleans advertised on September 27, 2023, according to public bid law, a Request for Bids for Contract 30256 – Carrollton Basin No. 15 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30256 were received on October 25, 2023; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to Hard Rock Construction, LLC in the amount of \$6,202,239.54 per R-115-2023; and,

WHEREAS, On February 20, 2024 the Sewerage and Water Board of New Orleans executed Contract 30256; the rehabilitation of existing main line sanitary sewers via mainline cleaning and CCTV inspections, excavated point repairs, full length main line replacements, house connection service lateral replacements, full-length Cured-in-Place Pipe (CIPP) lining, service lateral Cured-in-Place Pipe (CIPP) lining and manhole rehabilitation; and,

WHEREAS, Change Order No. 1 added \$760,125.17 and 21 days to the contract. Change Order No. 1 added new pay items; X01 - Install Sewer Main (10" AT 10.1' - 12.0'), X02 - PR Exist Drain Line Up to 10 Feet (15"), X03 – 24" X 30" Clear Opening Std Drop Inlet, X04 - No. 1 Std Drain Manhole to repair an existing drain, X05 – Reinforced Concrete Pipe (15"), X06 – Tree Removal (Pine), X07 – Tree Replacement (Pine), X08 – PR Exist Drain Line Up to 10 Feet (18"), X09 – Cleaning Storm Sewer Lines 15" to 24", X10 – Replace Broken Water Meter Box, X11 – PR Exist Drain Line Up to 10 Feet (24"). These items were necessary to complete repairs to the 8400 and 8500 blk of Pritchard St; and,

WHEREAS, Change Order No. 2 added \$860,312.49 and 113 days to the contract. Change Order No. 2 added new pay items; X12 - Single Mountable Catch Basin, (10" AT 10.1' - 12.0'), X13 - Remove Water Valve Manhole/Install Valve Stem, X14 – Adjustment of Single Vertical Catch Basin, X15 – Install Sewer MH; X16 – 12" Water Main Offset Up to 12", X17 – Sewer Point Repair (1) Utility Bore; X18 – Sewer Point Repair (2) Utility Bore, X26 – Install 12" Insertion Valve, X27 – PR Exist Drain Line Up to 10 Feet (10"), X28 - Pipe Bursting (8"), X29 - Reinstate Sewer House Connection

From Pipe Bursting; X30 - CCTV Drain (10"), X31 - Heavy Cleaning Drain (10"), X32 - Plug Existing Sewer Main 4" Through 12" And Fill With Flowable Material (Sand/Cement Mixture).

Also, to meet the consent decree deadline, items from RR002 were added to the Contract; X19 – Sewer Point Repair Up To 12 Feet (8" At 6.1'-8.0') (RR002), X20 – Sewer Point Repair Beyond 12 Feet (8" At 6.1'-8.0') (RR002), X21 - Replace Exist. Sewer HC From New Main to Back of Curb (RR002), X22 – Replace Exist Sewer HC Beyond Back of Curb (RR002), X23 – Pipe Liner (CIPP, 8") (RR002), X24 – Sewer Service Lateral Lining (6" CIPP) (RR002). Furthermore, lead lines were directed to be replaced when found bringing about the addition of; X33 - Lead Line Locate and Assessment, and increase quantity of existing Bid Item 57 - Replace 5/8" To 1" Water House Connection With 1" Water House Connection (From Main To Meter). Finally this Change increases quantity of existing Bid Item 42 - Pipe Liner (CIPP, 8") for 2900 Joliet scope change; and,

WHEREAS, Change Order No. 3 increases quantities due to overruns related to additional work required to complete the sewer repairs, two water main repairs, and for additional work due to change in restoration scope.

WHEREAS, Change Order No. 3 adds 47 days to the Contract to account for the additional work.

WHEREAS, Change Order 3, in the amount of \$296,431.03 brings the accumulated Contract change order total to \$1,916,878.69 or 30.9% percent of the original Contract value and adds 47 days to the contract time bringing the new total contract value to \$8,119,118.23 with an end date of June 28, 2025;

NOW THEREFORE BE IT RESOLVED, the approval of Change Order No. 3 for Contract 30256 is hereby approved by the Sewerage and Water Board of New Orleans.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,
duly called and held, according to law, on
July 16, 2025.

RATIFICATION OF CHANGE ORDER NO. 4 FOR CONTRACT 30260 – CARROLLTON BASIN NO. 19 SEWER REHABILITATION BETWEEN SEWERAGE AND WATER BOARD OF NEW ORLEANS AND HARD ROCK CONSTRUCTION, LLC.

WHEREAS, the Sewerage and Water Board of New Orleans advertised on December 8, 2023, according to public bid law, a Request for Bids for Contract 30260 – Carrollton Basin No. 19 Sewer Rehabilitation; and,

WHEREAS, Bids for contract 30260 were received on January 24, 2024; and these bids were evaluated, and the bid amounts were acceptable according to the Engineer's Opinion of Probable Cost; and

WHEREAS, The responsible and responsive low bid was accepted, and the Contract was awarded to Hard Rock Construction, LLC in the amount of \$5,042,385.00 per R-034-2024; and,

WHEREAS, On May 9, 2024 the Sewerage and Water Board of New Orleans executed Contract 30260; the rehabilitation of existing main line sanitary sewers via mainline cleaning and CCTV inspections, excavated point repairs, full length main line replacements, house connection service lateral replacements, full-length Cured-in-Place Pipe (CIPP) lining, service lateral Cured-in-Place Pipe (CIPP) lining and manhole rehabilitation; and,

WHEREAS, On February 11, 2025, Change Order 1 approved by executive directive, added \$276,075.85 and 9 days to the contract. Change Order 1 added the following scope due to unforeseen conflicts during construction; Field Change Order 1: addition of item X01 - Removing (9) nine existing manholes to allow installation of casings for new collection line system installation under the rail system on Eagle St, increases the quantity of existing Bid Item No. 46 to construct nine new manholes that were removed under item X01, and Field Change Order 2: addition of new items; X02 - Single Vertical Catch Basin, X03 - Single Combination Rollover Catch Basin, X04 - 21" Drain Point Repair at Catch Basin, and X05 - 21" Drain Point Repair Up to 10 Feet; and,

WHEREAS, On March 19, 2025, Change Order 2 ratified by the Board of Directors, added \$567,556.68 and 10 days to the contract. Change Order 2 added Field Change Order 3: addition of new items; X06 - 15" Drain Point Repair Up to 10 Feet (15"), X07 – 18" Drain Point Repair Up to 10 Feet, and increase existing Bid Item #24, adding an additional (43) sewer house connections from the main line to the back of curb, and Field Change Order 4: addition of items; X08 - 10" Drain Point Repair Up to 10 Feet, and X09

- 24" Drain Point Repair Up to 10 Feet in the 1400, 1500, and 1600 Blocks of Eagle Street, and;

WHEREAS, Change Order 3 added \$963,104.03 and 47 days to the contract. Change Order 3 added 3 New Bid Items X10 - Lead Line Locate and Assessment due to new directive to identify water connection material behind the meter when lead lines are found in public Right of Way; X11 - Sewer Service Lateral Lining (6" CIPP); and X12 - 6" Insertion Valve to replace unrepairable valve on Eagle St. Also, this Change increases quantity of existing Bid Item 15 - Replace 5/8" To 1" Water House Connection With 1" Water House Connection (From Main To Meter) due to new directive to replace lead lines when found during construction and adjusts quantities of existing bid items to reflect completed work.

WHEREAS, Change Order 4 adjusts quantities of existing bid items to complete the scope of work; addition of sewer point repairs, manhole frames and covers, point repairs to drainage to alleviate conflicts with sanitary sewer, and extra linear feet of jacking and boring across the rail.

WHEREAS, Change Order 4 adds 30 days due to the elevated levels of the Mississippi River suspending work near the levee.

WHEREAS, Change Order 4, in the amount of \$463,490.36 brings the accumulated Contract change order total to \$2,270,226.92 or 45.0% percent of the original Contract value and adds 30 days to the contract time bringing the new total contract value to \$7,312,611.92 with an end date of June 18, 2025;

NOW THEREFORE BE IT RESOLVED, Change Order No. 4 for Contract 30260 in the amount of \$463,490.36, which revises the Contract to \$7,312,611.92, is hereby approved by the Sewerage and Water Board of New Orleans.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,

RATIFICATION OF CHANGE ORDER NO. 9 FOR CONTRACT 1376 – WATER HAMMER HAZARD MITIGATION PROGRAM – HIGH LIFT PUMPING STATION AND PANOLA PUMPING STATION BETWEEN THE SEWERAGE AND WATER BOARD OF NEW ORLEANS AND M.R. PITTMAN GROUP, LLC.

WHEREAS, on December 15, 2021, by Resolution R-127-2021, the Sewerage and Water Board of New Orleans awarded Contract 1376 to M.R. Pittman Group, LLC in the amount of \$20,130,000.00 for Water Hammer Hazard Mitigation Program – High Lift Pump Room and Panola Pumping Station Improvements; and,

WHEREAS, the Executive Director, by ED-009-2023 approved Change Order 1 authorized the addition of Special Conditions for FEMA Compliance to the Contract Specifications per FEMA’s guidance. This Change Order 1 did not change the Contract Times or Cost; and

WHEREAS, the Executive Director by ED-012-2023 approved Change Order 2, decreasing the Contract Amount by \$662,138.62 and adding 118 days to the Contract Times. Change Order 2 included 11 Field Changes including piping modifications due to existing conditions, additional exploratory excavations, an additional pump inspection, changes to the pump rehabs as a response to discoveries made during the inspections of the pumps, a time extension due to the SWB’s inability to release Panola Pumping Station for operational reasons, deduction of a line stop from the contract, and mitigation of excessive water intrusion in the project site; and

WHEREAS, the Board by R-066-2023 approved Change Order 3 on June 21, 2023, increasing the Contract Amount by \$1,098,525.08 and adding 87 days to the Contract Times. Change Order 3 included the addition of an electric motor to High Lift Pumping Station. Since 1961, the High Lift Pumping Station, a critical component of the water distribution system, has been composed of two pumps driven by steam turbines. As the power plant primarily relied on steam for the steam-turbine generators, the configuration was practical and efficient. However, in recent years, Operations’ reliance on steam has reduced, and, in 2019, after a failure of High Lift Pump A’s gearbox, staff converted the steam driven pump to a pump with an electrically driven motor by procuring and installing one. In the following years, Pump B, the other steam-driven pump, experienced multiple failures, but maintenance staff returned the turbine to service each time. With that came the recommendation to replace the steam turbine with an electric motor to match Pump A. Staff requested a proposal from the contractor to purchase and install an electric motor on Pump B and commission the pump and motor at the same time. Performing this work at the same time maximizes efficiency and minimizes liability for staff; and

WHEREAS, the Board by R-100-2023 ratified Change Order 4 on September 20, 2023 increasing the Contract Amount by \$461,310.49. Change Order 4 included the coating and waterproofing of the Panola Pumping Station Clearwell. The Panola Pumping Station Structure, nearly a century old, still consists of the original structural elements and concrete finish. In a move to be proactive, staff evaluated the structure and decided to add an epoxy coating to the clearwell of the station, which is the suction bay for the pumps. Staff determined that for this construction, the clearwell was isolated and empty for the first time in decades, and required a significant amount of effort to accomplish; and

WHEREAS, the Board by R-011-2024 ratified Change Order 5 on January 17, 2024, increasing the Contract Amount by \$87,673.02. Change Order 5 included the repair to a sewer line and cleanout to the NORD Facility on Leonidas St. adjacent to the site, the abandonment of vents and a trench inside the Panola Pumping Station, and a resolution to a conflict with a bypass line and a pilaster; and,

WHEREAS, the Board by R-116-2024 ratified Change Order 6 on September 18, 2024, increasing the Contract Amount by \$909,504.54. Change Order 6 included the adjustments to a pipe support to resolve a conflict, modifications to the seal water and vacuum piping system, relocation of the flow control valve power unit, changes to the priming procedure, changes to the pump wear and casing rings for the Panola Pumps, installation of new sluice gates for the Panola Clearwell, and coating of the suction pipes in the Panola Clearwell; and,

WHEREAS, the Board by R-025-2025 ratified Change Order 7 on February 19, 2025, increasing the Contract Amount by \$335,136.02 and added 140 days to the Contract Times. Change Order 7 included an adjustment of time for delays in additional inspections required to complete the Panola Pumping Station construction and the reroute of utilities that conflicted with record drawings; and,

WHEREAS, the Board by R-088-2025 ratified Change Order 8 on June 25, 2025, increasing the Contract Amount by \$460,697.06 and added 90 days to the Contract Times, Change Order 8 included changes involving delays and adjustments necessary due to unforeseen utilities in the area of the High Lift Pumping Station, the addition of a 24" valve, and the purchase of a battery system for Claiborne Pumping Station; and

WHEREAS, this Change Order 9 includes delay days and costs through December 31, 2025, due to Operational concerns in releasing the High Lift Pumping Station for construction. This Change Order increases the Contract Amount by \$225,000.00, for a revised Contract Amount of \$23,045,707.59 and extends the Contract to January 2, 2026, bringing the total Change Order Amount to \$2,915,707.59 or 14.5% of the Original Contract Amount

NOW THEREFORE BE IT RESOLVED, Change Order No. 9 for Contract 1376 is hereby ratified by the Sewerage and Water Board of New Orleans, increasing the Contract Amount by \$225,000.00 for a revised Contract Amount of \$23,045,707.59 and adds 155 days to the contract time with an end date of December 31, 2025.

I, M. Ron Spooner, P.E., Interim Executive Director,
Sewerage and Water Board of New Orleans,
do hereby certify that the above and foregoing
is a true and correct copy of a Resolution adopted
at the Regular Monthly Meeting of said Board,
duly called and held, according to law, on
July 16, 2025.

Time Extension Requested (Days)	155		155
Proposed Contract Completion Date			12/31/2025

Purpose and Scope of the Contract:

The contemplated project consists of general construction of the High Lift Pump Room and Panola Pump Station improvements. This work includes rebuilding existing pumps, upgrading the vacuum priming systems, concrete meter structures, valve and meter vaults, yard piping, earthwork, electrical, control and instrumentation equipment and integration and miscellaneous appurtenances. Work is at the Carrollton Water Purification Plant at 8800 S. Claiborne Ave for the Sewerage and Water Board of New Orleans, Owner.

Reason for Change:

In Scope	Differing Site Condition	Regulatory Requirement
Design Change	Other <u> X </u>	
FCO-030 - RFC-028 – High Lift Station Delay #3. The delay costs associated with this FCO resulted from the contractor's inability to take the High Lift pump station offline as planned. The SWBNO informed the contractor that clearance to shut down the High Lift Station would not be granted due to an unexpected failure of the Uninterrupted Power Supply (UPS) at Claiborne station, which compromised the necessary redundancy across all pump stations. This redundancy is crucial for ensuring an uninterrupted potable water supply to the City of New Orleans. As a result, the contractor is requesting an additional 155 days, with 76 of those days incurring costs.

AUTHORIZATION OF COOPERATIVE ENDEAVOR AGREEMENT BETWEEN SEWERAGE AND WATER BOARD OF NEW ORLEANS AND PLAQUEMINES PARISH GOVERNMENT FOR MUTUAL EMERGENCY ASSISTANCE AND POTABLE WATER SUPPLY.

WHEREAS, the Sewerage and Water Board of New Orleans (S&WB) is a local government political subdivision of the State of Louisiana, created and organized pursuant to La. R.S. 33:4071 and which operates and maintains the public water, sewerage, and drainage systems serving the city of New Orleans; and

WHEREAS, the Plaquemines Parish Government (PPG) is a local political subdivision of the State of Louisiana with the constitutional and statutory authority to contract, including entering into cooperative endeavor agreements, and provides water, sewerage and drainage services in, to and for Plaquemines Parish, Louisiana; and

WHEREAS, the S&WB and the PPG provide potable water and sewage services to their respective citizenry and have the resources to assist each other in the event of an emergency adversely affecting each other's ability to provide such services; and

WHEREAS, La. R.S. 29:730.1 provides that, in the event of an emergency and upon the request of a parish president, a parish governing authority, or a parish homeland security and emergency preparedness agency, a parish president, a parish governing authority, or a parish homeland security and emergency preparedness agency may enter the jurisdiction of the requesting parish to provide manpower, materials, equipment, or services the responding parish president or chief executive officer may furnish manpower, materials, equipment, or services as requested; and

WHEREAS, in the event of a major flood, storm, disaster, or other emergency, either party may require the assistance of the other party to provide services, support, or resources to supplement its response; and

WHEREAS, each party of this agreement has resources that could provide assistance to the other in the event of an emergency; and

WHEREAS, pursuant to Article 7, Section 14(C) of the Louisiana Constitution of 1974, and related statutes, and Section 9-314 of the Home Rule Charter of the City of New Orleans, the City may enter into cooperative endeavors with the State of Louisiana, its political subdivisions and corporations, the United States and its agencies, and any public or private corporation, association, or individual with regard to cooperative financing and other economic development activities, the procurement and development of immovable property, joint planning and implementation of public works, the joint use of facilities, joint research and program

implementation activities, joint funding initiatives, and other similar activities in support of public education, community development, housing rehabilitation, economic growth, and other public purposes; and

WHEREAS, the facilities and resources of S&WB and the PPG are proximally located such as to enable each party to render mutual assistance to the other; and

WHEREAS, each of the parties to this Agreement has determined that they wish to set forth guidelines for providing mutual assistance to each other in the event of a major flood, storm, disaster, or other emergency; and

WHEREAS, this CEA will be mutually beneficial to the parties in the furtherance of their respective statutory purposes and duties, and each party expects to receive benefits for themselves and the public at least equal to the costs of the responsibilities undertaken pursuant hereto; and

WHEREAS, the need for additional potable water supply may arise from time to time and the SWBNO or PPG may provide the potable water supply to one another without adversely affecting their own operations; and

WHEREAS, PPG requested, and S&WB agreed for S&WB to provide PPG with potable water produced by S&WB at wholesale water rates customarily charged by S&WB;

NOW, THEREFORE, BE IT RESOLVED, that the Board hereby ratifies the execution of the Endeavor Agreement between Sewerage and Water Board of New Orleans and Plaquemines Parish Government for Mutual Emergency Assistance and Potable Water Supply.

I, M. Ron Spooner, P.E., Interim Executive Director,

PLUMBING DEPARTMENT

Submitted herewith is the monthly report for work performed by the Plumbing Department.

There were 192 Plumbing permits issued in June 2025. This department complied with 428 requests for Plumbing Inspections, which consisted of inspections conducted with Licensed Plumbing Contractors, Property Owners, Tenants, Department of Health and Hospitals Sanitarians, and Environmental Inspectors. There were six investigations during the month of June 2025.

The following numbers are the permits issued and inspections conducted:

Permits Issued	April 2025	May 2025	June 2025	June 2024	2025 YTD
Plumbing Permits Issued	189	212	192	174	1,082
Backflow Install Permits	036	060	051	000	243
Total	225	272	243	174	1,325

Inspections Conducted	April 2025	May 2025	June 2025	June 2024	2025 YTD
Water	216	195	250	212	1,137
Special	001	001	005	007	028
Final	164	190	167	163	888
Total	381	386	422	382	2,053

Investigations Conducted	April 2025	May 2025	June 2025	June 2024	2025 YTD
Investigations	6	6	6	0	35

RAINFALL REPORT FOR JUNE 2025

The rainfall for the month of June was 8.68,” compared to the 132-year average of 5.68” for the month of June. The cumulative rainfall through the **sixth** month of the year was 33.17,” compared to the 132-year average of 29.60”.

AVERAGE DAILY PUMPAGE FOR THE MONTH OF JUNE 2025

Eastbank (New Orleans)	133.65 Million Gallons Per Day
Westbank (Algiers)	13.23 Million Gallons Per Day

Respectfully submitted,

A handwritten signature in blue ink, consisting of a stylized 'S' followed by a horizontal line extending to the right.

June 2025

SWBNO SAFETY REPORT

Executive Summary

We are pleased to present the June 2025 Safety Report. The purpose of this report is to present data tracked by the Safety Department, Risk Management Office, Claims Office, Accident Review Board, and the Workers' Compensation Office, and to provide a summary of actions taken to improve employee safety and reduce risks in our operations. The data collected by the departments are analyzed on a monthly basis for both leading and lagging indicators to identify emerging risks, measure the impact of previously implemented policies, and to pinpoint areas of operations where additional safety training would be most beneficial.

In June, Risk Management collaborated with the Project Delivery Unit to complete a project to survey and document the condition of most of the Board's property. The property reports and photographs capture the state of Board buildings and facilities, and are critical for use in recovering costs covered by insurance, FEMA, and other entities in the wake of a disaster. The increased damages experienced nationwide from more frequent and devastating fires, floods, and extreme weather events have resulted in additional documentation requirements for substantiation of claims, and the Board is prepared to present the information necessary to support any damage claims we may have if it becomes necessary. The remaining smaller properties will be surveyed in the coming weeks, and the properties will all be revisited and photographed in the future on an annual basis.

Please note that this report is the product of a collaboration between the Safety and Risk Management departments, and is broken down into five sections:

1. Safety
2. Accident Review Board
3. Workers' Compensation
4. Claims Office
5. Risk Management

Safety

Safety Incident Investigation Report

Below is the Safety Incident Investigation tracking report for incidents that required a Safety Investigation. The report outlines the events leading up to the incident and recommended action to prevent the same type of incident from happening again. These incidents are included in the data reported on the usage of proper PPE and were the result of Safety Department investigations closed during the current reporting period, which do not necessarily represent incidents that occurred during the current reporting period.

Department	Date of Incident	Description	Recommended Action	Closed Date	Proper PPE Usage
House Connections	6/3/2025	Employee was reaching inside a file cabinet when the cabinet fell over. Employee jumped out of the way and fell to the ground, injuring her right elbow and right knee.	The Safety Department recommends that management periodically brief employees on the hazardous conditions that employees may encounter working in the office. Briefings should include, but not be limited to, walking hazards, safely using stairs, proper clearance of doors and egress, ergonomics, using file cabinets, and operating office equipment. Safety recommends that Facilities Maintenance, along with office supervisors, do an assessment of all file cabinets and ensure the heaviest weight is in the bottom drawer. They must also ensure proper distribution of weight and that file cabinet drawers are lighter in weight at the top to keep this type of injury from occurring again. Safety also recommends that all tightly packed file cabinets and those taller than 64" are secured and anchored to the wall to prevent tipping over. Employees should open only one drawer at a time to maintain stability and prevent the cabinet from becoming top-heavy and tipping over. Employees should avoid overloading top drawers, which can also contribute to instability and increase the risk of tipping. Supervisors and managers are responsible for immediately ensuring that equipment in the office, including file cabinets, is properly filled to keep it from tipping over on employees and for briefing employees on office hazards.	6/25/2025	N/A
Machine Shop	5/28/2025	Employee was on a fixed ladder at a sewer station when a piece of equipment fell from a sump pump and struck him in the face.	The Safety Department recommends the following to reduce the risk of injury from falling objects while working in a confined space: workers should always wear appropriate PPE, including a hard hat, and implement safety practices like clearing the area below and posting warning signs when work is being conducted overhead; employees must always stay alert and use situational awareness when entering a confined workspace (perceive that there is a hazard/danger, comprehend how that danger poses a threat to employees, and project how best to navigate that danger to stay out of harm); employees must use effective communication (the outside attendee must maintain contact with the workers inside the confined space); a trained worker should always be standing outside the confined space to monitor entrant safety, help in an emergency, and call for backup assistance if necessary; employees should have equipment and personnel ready and available if a rescue is needed for the employees working in the confined space; management should provide documented monthly Job Hazard Analyses for working in confined spaces inside of sewer stations.	6/25/2025	Yes

Safety

Safety Training

The Safety Department has conducted the following safety training since last month:

Ground Personnel and Mobile Equipment

Safety Coordinators

Completed 31 jobsite visits and inspections.

Safety Liaison Program

The Safety Liaison Program participants completed 11 Job Hazard Analyses.

Safety Hazard Issues

There were no safety hazards reported.

Safety Investigations

Two safety investigations were closed this month.

Accident Review Board

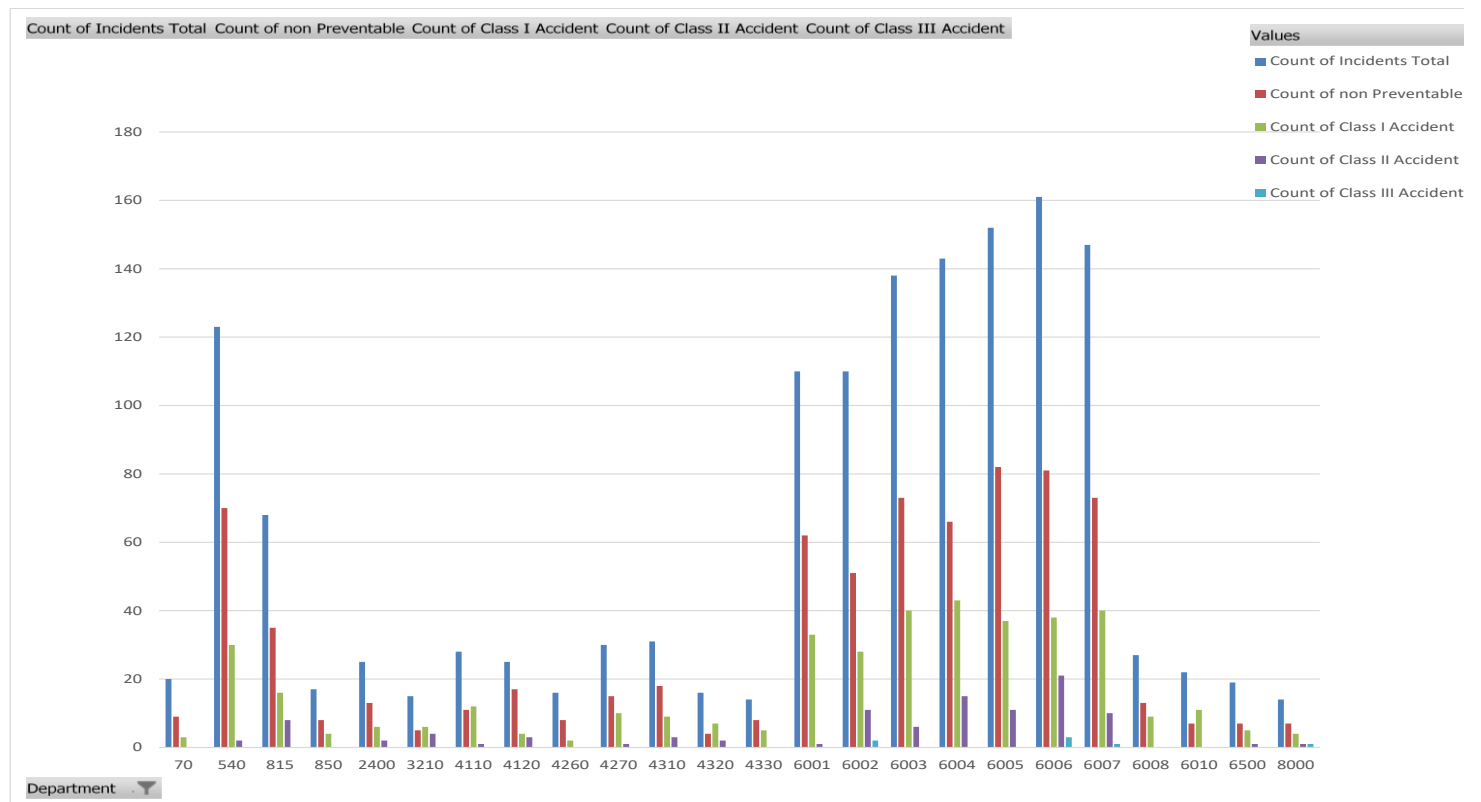

2007-2025

The Purpose and Mission of the Accident Review Board is to reduce the number of safety related incidents and injuries to Sewerage and Water Board equipment and staff. We strive to reduce incidents by recognizing areas that need improvement and create training opportunities to mitigate any future incidents.

Accident Review Board Data

The graph reflects the information collected in the Safety Unit, ARB folders with 10 or more accidents from 2007-2025 by Department Organization Codes. Please see the next page for ARB Classification Descriptions.

*2025 data still in review

*Chart lists departments with 10 or more incidents.

ARB CLASSIFICATION DESCRIPTIONS

Offense Classifications

A preventable “Vehicle”, “Heavy Equipment” and “Non-Vehicular” accident falls into one of three classifications, Class I, II, or III, defined as follows:

- **Class I Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class I accident is considered by the ARB to be minor in nature. A Class I accident remains on an employee’s record for one (1) year.
- **Class II Accident** is an accident in which the involved employee(s) shared a portion or all the responsibility for its occurrence. The potential severity of a Class II accident is considered by the ARB to be of serious consequence. A Class II accident remains on an employee’s record for two (2) years.
- **Class III Accident** is an accident in which the involved employee(s) has flagrantly disregarded traffic laws and safe driving or operational practices. Any accident in which there is the potential for loss of life, severe, and long-lasting debilitating injuries and/or extensive property damage is classified as a Class III accident. A Class III accident remains on an employee’s record for three years.

ARB HEARING OUTCOMES

June 2025 Accident Review Board Findings					
Type of Incident	Number of Incidents	Assigned Defensive Driving	Issued Warning Letter	Recommended Suspension	Specific Training Assigned
Non-Preventable	6	0	0	0	
<u>Class 1:</u>	7				
Unsafe Turning	0	0	0	0	
Misjudge Clearance	3	1	3	1	
Unsafe Backing	3	2	3	1	
<u>Unsafe Turning</u>	1	1	1	1	
<u>Improper Usage of equipment</u>	0	0	0	0	
<u>Failure to yield</u>	0	0	0	0	
<u>Careless/reckless driving</u>	0	0	0	0	
<u>Class II:</u>	0	0	0	0	
Misjudge Clearance	0	0	0	0	
<u>Class III:</u>	0				
Careless/reckless driving	0	0	0	0	

These findings represent the outcomes of hearings held in this reporting period, and do not necessarily relate to incidents which occurred in the reporting period.

Workers' Compensation Monthly Claims Statistics

Medical Only: Of the 5 claims, 4 claims required medical treatment only and the employees returned to work within a week.

Lost Time: Of the 5 claims, 1 claim required medical treatment and paid wages as the employee was unable to return to work within the week of the injury.

Goal: The Safety Department will evaluate claims in a timely manner that ensures proper Personal Protective Equipment (PPE) and safety training are made available to department managers to reduce accidents. The Workers' Compensation Office will evaluate claims in a timely manner that ensures prompt medical treatment so that employees are returned into the workforce as efficiently and medically stable as possible. This will aid in maintaining an active and healthy workforce.

July 19, 2019	November 19, 2024	\$138,473.82	\$10,000.00	\$148,473.82	\$40,000.00	\$108,473.82

Total projected savings for claims settled since October 2021: \$8,080,853.33

These claims include those that had open payroll indemnity benefits; settlement of medical-only claims is not included. Underlined dates represent settlements finalized in the current Safety Report's reporting period.

*Although there was no statutory future indemnity exposure, indemnities were still being paid, and would have continued to be paid in the absence of settlement or termination of indemnities, which likely would have resulted in litigation and associated costs.

Claims Office

External Claims:

There has been report of **6** total claims since last month's report. These claims include property damage and personal injury external claims from members of the public and do not include employee claims. Compared to June 2024's total of 43 claims for the year, the claims decreased by 13.

All Major Claims (claims with a demand in excess of \$5,000.00 in damages) are listed below:

Property Damage Claims: \$9,000.00

External Claims Received by Month: 2023-2025

ANALYSES CONDUCTED BY EDBP

For the month of June 2025, there were no Goods and Services bid submissions, Professional Services or Construction bid proposals with DBE participation to review.

CONSTRUCTION REVIEW COMMITTEE RECOMMENDATIONS

The Construction Review Committee (CRC) convened on June 12, 2025 and made the following recommendations:

- | | |
|---------------------------|--|
| 1) Contract #30110 | West Bank Sewage Treatment Plant - Phase 1 Miscellaneous Process, Electrical, and Controls Improvements |
| Budget Amount: | \$10,948,200 |
| EDBP Recommended Goal: | 15% |
| Renewal Option(s): | N/A |

Note: Contract #30110, was presented to the CRC at the October 2024 meeting and was assigned a 15% DBE subcontracting goal for a budget of \$22,834,000. Since that time the budget has been revised, still maintaining a 15% DBE participation goal

2) Contract #5264	Overhaul of Old Carrollton Underpass Pumping Station
Budget Amount:	\$500,000
EDBP Recommended Goal:	15%
Renewal Option(s):	N/A

Information Item

Contract #30109; East Bank Phase I WW Improvements, was presented to the CRC at the October 2024 meeting, and was assigned a 15% DBE subcontracting goal for a budget of \$28,021,000. Since that time the budget has been revised to \$28,000,000, maintaining a 15% DBE participation goal.

Note: For the duration of Contracts #30109 and #30110, the Construction Review Committee has requested semi-annual updates beginning with the Notice to Proceed.

STAFF CONTRACT REVIEW COMMITTEE RECOMMENDATIONS

The Staff Contract Review Committee (SCRC) convened on Thursday, June 12, 2025 and made the following recommendations:

Open Market

- 1) REQUEST FOR THE SALE OF DISCARDED METERS, METALS AND WIRE CABLES FOR RECYCLING**

Budget Amount:	N/A
Renewal Option(s):	Three (3) One – Year Renewals
Recommended DBE Goal:	0%
Justification:	Does not lend itself to subcontracting

Renewals

- 2) REQUEST FOR FURNISHING GPS TRACKER & DASHCAM MAINTENANCE**

Budget Amount:	\$ 75,000
Renewal Option(s):	First and Final Renewal
Recommended DBE Goal:	0%
Prime Contractor:	Tracking Plus

- 3) REQUEST FOR RENEWAL OF ORACLE SAAS AGREEMENT**

Budget Amount:	\$ 29,850
Renewal Option(s):	First and Final Renewal
Recommended DBE Goal:	0%
Prime Contractor:	Applications Software Technology, LLC

4) **REQUEST FOR RENEWAL OF AMENDMENT #5 TO COGSDALE CORPORATION MAINTENANCE AND SUPPORT AGREEMENT**

Budget Amount:	\$ 562,500
Renewal Option(s):	Second of Three (3) Renewals
Recommended DBE Goal:	0%
Prime Contractor:	Cogsdale Corporation

FINAL ACCEPTANCE OF CONSTRUCTION CONTRACT WITH DBE PARTICIPATION

For the month of June 2025, there was one construction contract with DBE participation offered for Final Acceptance.

❖ **Contract #30238 - Replacement from Manhole-to-Manhole, CIPP Lining from Manhole-to-Manhole, CIPP Lining of Service Laterals and Point Repair at Various Sites throughout the City of New Orleans**

DBE Goal:	36.00%
DBE Participation Achieved:	8.54%
Prime Contractor:	Wallace C. Drennan, Inc.
Closeout Date:	June 2025

The prime contractor did not meet the 36% Goal established for this project. Over the course of the project, the prime contractor has submitted three justification letters explaining the effects of responding to unforeseen emergency work orders, that inflated the non-DBE portion of the project by \$12 million. The prime contractor exceeded the dollar target for restoration work by DBE subcontractors, but what was expected to be over 25% of the initial scope of work, resulted in only 8.5% of the implemented scope. This has been reviewed and confirmed by SWBNO project management team. EDBP recommends acceptance of DBE participation and approval for Final Acceptance.
