We're Improving Your Water System – Lower Ninth Ward

The Sewerage and Water Board and the Corps of Engineers will perform waterline work on a large water main that serves the Lower Ninth Ward. Boh Brothers Construction Company, working for the Board and the Corps of Engineers **will tie in a new 48" water main that serves the area.**

Residents and businesses in the Lower Ninth Ward are not expected to experience low water pressure during the work that will occur on **Friday, September 30, 2016 at 5 p.m. until Sunday, October 2, 2016 at 5p.m.** However, if you experience pressure loss while this work is being performed, please notify us at 52-WATER(529-2837) so that we can attempt to adjust your pressure.

This work is part of the \$119 million SELA Florida Avenue Canal Phase 2-3 Drainage Project.

We appreciate your patience as we work to improve the City's infrastructure.

****Please note that all scheduled work may change due to unforeseen circumstances such as weather delays.** A link to our website that included our latest press releases is attached for your convenience.
