Low Water Pressure-CBD 800 – 1000 Camp Street

The SWBNO is investing \$7 million to upgrade the water lines in the CBD area. As part of these improvements, a tie in to the new water service is required that will cause residents and businesses in the 800–1000 blocks of Camp Street to experience low water pressure between 10:00 p.m. on Thursday, March 13, 2014 and 6:00am on Friday morning, March 14, 2014. We appreciate your patience as we work to improve our City's water infrastructure.

Area affected:

	FROM	TO
800-1000 blocks Camp Street	Julia Street	Calliope Street
