Traffic Advisory - Westbound S. Claiborne Avenue between Eagle Street and Monroe Street

Residents, businesses and motorists are advised that westbound traffic on South Claiborne Avenue between Eagle Street and Monroe Street will be closed for four months beginning Wednesday, February 18, 2015 to allow for the new drainage box culvert construction.

A new temporary crossover will be situated in the median area between Eagle Street and Monroe Street to accommodate for these road closures. The median crossover at Mistletoe Street will also re-open to allow access to and from S. Claiborne Avenue.

This work is part of the Sewerage and Water Board/Corps of Engineers \$27.8 million SELA-Orleans Drainage Improvement Program.
