Traffic Advisory – Canal Street between Bourbon and Dauphine Streets

Residents, businesses and motorists are advised that Canal Street between Bourbon Street and Dauphine Street will be reduced to two lanes of traffic for approximately two months beginning February 23, 2015 through April 27, 2015. Inclement weather may cause adjustments to construction schedule.

Boh Brothers Construction Company will be installing a new water line to serve the area.

This work is part of the \$183 million Sewerage and Water Board FEMA Funded Waterline Replacement Program.
