Sewerage and Water Board's  
Water is Safe

New Orleans -- The Sewerage and Water Board of New Orleans is constantly monitoring the status of New Orleans' water supply. New Orleans and St. Bernard Parish have completely separate potable water systems; and there is no cause for concern for New Orleans residents. The Sewerage and Water Board is ready to assist and provide assistance to DHH (Department of Health and Hospitals) and St. Bernard Parish in their efforts to address this event if requested.
