Low Water Pressure – Nashville Avenue

Residents and businesses on Nashville Avenue between Pitt Street and Coliseum Street and on Perrier Street between Nashville Avenue and Jefferson Avenue will experience low water pressure on Wednesday, January 13, 2016 from 9 a.m. until 5 p.m.

Cajun Construction Company, working for the Corps of Engineers and the Sewerage and Water Board, will cut and cap a 12" water main in the area. This work is part of the SELA Urban Flood Improvement Program.

We appreciate your patience while we work to improve the City's infrastructure.

The affected streets will be:

ON	FROM	TO
Nashville Avenue	Pitt Street	Coliseum Street
Perrier Street	Nashville Avenue	Jefferson Avenue

We appreciate your patience as we work to improve the City's infrastructure.
